Title: Nurse Practitioner Clinic Ownership: Pearls and Pitfalls

Speaker: Shelda R. Holmes, FNP

Date: Saturday, October 18

Time: 9:35-10:50 a.m.

CE Contact Hours: 1.25

Pharmacology Hours: 0

SESSION DESCRIPTION

This is a presentation of experiences, flops and successes. Clinic ownership requires bold vision, considerable financing, hard-work, excellent management, and great timing to be successful. Many entrepreneurially minded nurse practitioners may consider using their skills to start a business but have no idea where to start or have run into significant barriers along the way. Other nurse practitioner business owners are unable to meet the current challenges and changes within the healthcare delivery system. It is my aim to share my experiences as a nurse practitioner to help others avoid reinventing the wheel or going by way of the dinosaurs.

LEARNING OBJECTIVES

Upon completion of this session, the learner will be able to:

1. Identify resources available to NP entrepreneurs.
2. Identify commonly encountered NP specific challenges in clinic ownership.
3. Recall strategies to surmount NP specific challenges to clinic ownership.
4. Define professional goals and share experiences.
