

Session Details

Session # 309

Title: At Risk Sexual Health

Speaker: Miguel Carreon, DNP, FNP, Christina Sun, PhD, MS and Jacquelyn Quetal, MN, FNP-C

Date: 10/7/2017

Time: 11:15 AM

CE Contact Hours: 1.25

Pharm Hours: 0

Session Description

Mixed presentation: part one, at risk populations reproductive health needs; and part two, HIV PrEP treatment.

Learning Objectives

Upon completion of this session, the learner will be able to:

1. Differentiate unique reproductive health needs of women from vulnerable and special populations.
2. Describe how various social factors affect the ability to control one's reproductive health experience.
3. Improve knowledge and enhance prescribing practices of PrEP based on current CDC guidelines, including what medication is used, side effects, and contraindications.
4. Describe current results from Oregon PrEP Assessment Survey as well as patient perspectives related to PrEP.

Disclosures

Conflict of Interest for Presenter:

- The presenter(s) of this session declare no conflict of interest. As faculty/presenter for this activity, presenter attests that they will provide the best available evidence for this content and present information fairly and without bias.
