

Education Committee Quarterly Report October 17, 2025

The NPO Education Committee has worked tirelessly in bringing us our two conferences again this year. Dr. Margaret Fitzgerald was the key speaker at our Pharmacology Conference in April which, as you would all expect, presented us with in-depth knowledge on a variety of topics relating to pharmacology. We are also very proud and happy to have our Annual Fall Conference at the Stoller Family Estate this year, October 16th through 18th. The venue is beautiful and relaxing, a place of respite where learning, networking, and enjoyment come together.

2026 Conference dates and locations are set, so please put them on your calendars. Our Pharmacology Conference will take place on April 11, 2026 at the DoubleTree Hilton Lloyd Center in Portland, OR. The committee is wisely adjusting our planning of the Fall Annual Conference by shortening it to a two-day conference on Thursday and Friday, October 15 and 16, 2026, at the Hilton Garden Inn (formerly the Monarch Hotel) in Clackamas, Oregon. We will focus on hands-on workshops while still including the rigorous didactic breakout sessions which will help to assure fiscal soundness without compromising quality.

The Education Committee welcomes your attendance at our conferences and are open to suggestions for improvement. If you are interested in joining the committee, please let us know. It is hard, but very gratifying work.
