Region Updates:

Region A – Havilah Broadhead & Terrence James

- Central Oregon Advanced Practice Providers which is our local group for APPs of all stripes. Heard from St Charles that they'll no longer certify their CMEs or at least not without punitive costs. It's a loss for our community. Ironically the Central Oregon Medical Association is opening their membership to NPs and PAs and recruiting more heavily recently. They are still affiliated with St Charles and there's been no disruption in their ability to certify their CME.
- St. Charles is charging NP students around 800.00 a week to do rotations with anyone at St Charles. Meanwhile the rest of us not affiliated with St Charles are precepting for free.

Region B – OPEN – need a representative

Region C – Denise Gontiz – working on getting a meeting together for her region. No other updates.

Region D-1 - OPEN – need a representative

Region D-2 - Meg Portwood – No updates.

Region E – Tim Gebhart - Tim is looking for someone to share the role in this Region. No updates.
