

Wildlife Medicine Course for Student Groups

Required Supply List

Below is the list of required items your university must provide for your in-person meeting and lab. If your university can provide any of the supplies on the “optional” list, please check those off as well. NWRA will provide any of the remaining optional items.

We encourage you to reach out to local authorized rehabilitators to provide carcasses. You can find a map of regional rehabilitators [here](#). Please reach out to nwra@nwrawildlife.org with any questions about the course or supply list.

Required (University must provide):

Item	Quantity
☐ Carcasses: medium-sized bird (e.g. pigeon or raptor)	1 per 2 students
