

# PCMH Training Opportunity!

May 22<sup>nd</sup>-24<sup>th</sup>, 2019

Receive training to help with your PCMH transformation and/or prepare to become a PCMH Certified Content Expert!

The Alaska Primary Care Association (APCA) is pleased to bring the expertise of the National Committee for Quality Assurance (NCQA) to Alaska with an upcoming two-part education seminar for health professionals. The content for this offering is divided into two parts:

***Part I: Introduction to PCMH: Foundational Concepts of the Medical Home***  
May 22<sup>nd</sup> – 23<sup>rd</sup>

This 1.5 day training covers the 2017 NCQA PCMH standards, and is designed for any health care professional, decision-maker, or consultant interested in getting the inside perspective directly from expert faculty from NCQA in evaluating a primary care practice and their ability to become recognized as a Patient Centered Medical Home by NCQA.

***Part II: Advanced PCMH: Mastering the Medical Home Transition***  
May 24<sup>th</sup>

This 1 day interactive program is geared towards individuals with significant knowledge of the NCQA PCMH Standards and experience implementing those standards in a practice setting and who have attended the *Introduction to PCMH 2017* seminar; and those who intend to obtain the individual PCMH Content Expert Certification credential.

The Training will be held in Anchorage, Alaska after the Northwest Region Primary Care Association Spring Summit. We are pleased to announce that as this is a HRSA-sponsored training this NCQA PCMH training is available to you at no cost!

Participants will be provided with electronic copies of conference materials. Paper copies will not be available.

More information on venue and training times to follow.
