Duty of Care Statement:

NOVEMBER 16, 2021: NWRPCA continues to monitor the evolving COVID-19 pandemic and the current CDC guidelines, as well as the safety measures of our partners at the event site. We are endeavoring to provide a safe, collaborative experience for all attendees of the 2022 Western Forum for Migrant and Community Health.

In keeping with our commitment to model best practices in community health, a full COVID vaccination is required to attend all NWRPCA-sponsored or hosted in-person events. Exemptions are not being considered at this time. Options to attend virtually will be available to those who cannot meet this requirement.

All participants (including Speakers, Exhibitors/Sponsors, Staff, and Attendees) must be fully vaccinated and will be required to provide proof of vaccination based on the instructions provided by NWRPCA Education and Training Staff closer to the event.

As defined by the CDC, a person is considered fully vaccinated against COVID-19 ≥2 weeks after receipt of the second dose in a 2-dose series (Pfizer-BioNTech and Moderna) or ≥2 weeks after receipt of the single dose of the Janssen vaccine.

As of August 24, Governor Kate Brown (OR) announced a rule requiring people in Oregon to use masks, face coverings, or face shields in all indoor spaces. Further information can be found at the CDC COVID-19 Website.

NWRPCA will continue to monitor CDC and local guidelines as they evolve and will ensure all registrants have access to conference protocols as they change.

****

At the conference, NWRPCA will provide disposable surgical masks. All attendees are highly encouraged to wear a mask in the public areas of the event site. The venue will have multiple hand sanitizer stations, and attendees will be encouraged to be mindful of social distancing guidelines.

Please email registration@nwrpca.org with any questions or concerns.
