ADMINISTRATOR WEBINAR

NYSIR Online University

is an amazing resource

that helps users increase knowledge,
reduce risk, and improve performance,
all of which helps people stay safe.

Join us for a Webinar and discover the best ways for
you to use this high quality online education source!

Did you know as an Administrator of **NYSIR Online University** you can:

- Add new users or entire employee rosters
- Assign courses and due dates
- Run numerous and various types of reports
- Utilize the policy management module
- Track training that takes place outside of the online university and record it to employee records
