

**The New York Schools Insurance Reciprocal and
Hartford Steam Boiler present an exclusive service
to NYSIR Subscribers**

**FUNDAMENTALS OF BOILER MAINTENANCE
AND ELECTRICAL RISK MANAGEMENT**

Who Should Attend? This seminar is intended for the individuals responsible for the safe operation of the boilers at your school district/BOCES. Please extend this invite to the Facilities Directors and members of the Facilities Department.

Topics To Be Covered Include:

- Boiler Startup and in Service Operations
- Internal and External Inspection Requirements and Preparation
- Boiler Water Quality and Blowdowns
- Preventative Maintenance
- HSB Efficiency First
- Returning the Boiler to Service
- Electrical Distribution Infrastructure
- Transformers, Generators and Three Phase Motors
- Conditions of Increased Electrical Equipment Risk
- Reducing Damage from Electrical Surges

Seminar Participants will leave this seminar with a better understanding of the safe operation, maintenance and inspection of low pressure boilers and electrical systems. There is no charge for this seminar.
