

## Corporate Partner Resource List for Oregon NDs during COVID 19

**Active recovery TMS:** We are open and treating patients with depression across the Portland metro area. Transcranial magnetic stimulation (TMS) is a non-medication treatment for patients whose depression is not well-controlled with medication or who experience side effects from antidepressants. The treatment course is 5 days a week for six weeks. It is critical that these patients maintain their mental health treatment during the COVID-19 pandemic. <https://activerecoverytms.com/>

**Aegis Insurance** and MedPro Group have always provided **telemedicine coverage** with **no additional premium**, whether it be part of your practice now or if your telemedicine services will be increased because of the pandemic.

## Corporate Partner Resource List for Oregon NDs during COVID 19

**Professional Formulas:** We have created a few resources for practitioners to share with their patients or on social media:

[COVID-19 What You Need To Know](#): for practitioners to give to patients. Intended to equip doctors with a simple resource to help them communicate directly with patients.

[Why I Shouldn't Buy Supplements from Big Box Stores](#): Brief explanation of why buying random supplements online and at big box stores like can be harmful. Outlines the importance of working with a physician when using supplements.

**Quantified Financial Partners:** We are here to help you and answer any questions you might have around your business, personal finances, and what the COVID-19 Stimulus package might mean for you. Our staff is intently focused on continuing to display the level of professionalism and dedication to which our clients have come to rely. We recognize the importance of your profession and want to be of service to you. If you have any questions or concerns, please do not hesitate to reach out to us. We are regularly producing free webinars to answer questions about the stimulus package, HR protocols, and many other topics to help your business during the COVID 19 Pandemic.
