

Loading Dock – The Courts

The Courts are equipped with [1] loading dock with automatic dock leveler. This loading dock is located on a narrow driveway, and therefore a transport trailer cannot back up directly to the loading dock. This means that the truck must have its own method of getting the load to the ground (hydraulic tailgate or forklift ~ Blue Mountain does not have a forklift). Once the load is on the ground, Blue Mountain can assist with a pump truck to get the load onto the loading dock and into the Courts.

In addition, there are [6] manual doors available for load in. Measurements are as follows:

Loading Dock with Automatic Dock Leveler

Location: South-West Side of Building

Size: 120" wide x 144" high

Number of Docks: 1

Manual Doors (Metal)

Location: South-West Side of Building

Size: 70" wide x 82" high

Number of Doors: 2

Manual Doors (Glass)

Location: North-East Side of Building

Size: 71" wide x 82" high

Number of Doors: 4
