What our members say

• “It is the only association that allows the four systems – French, English, Catholic and public – to meet in a common place. It is very useful.”

• “Most of the vital information I need to do a great job at leading an IT department comes from the networking, meetings and support I get from OASBO members.”

• “The OASBO network is particularly important for unique positions where there is only one person doing that job at a board. It instantly provides a group to consult with and learn from.”

• “Being on the Payroll and Benefits committee has helped me to stay abreast of constant changes and lets me hear how other boards are doing things.”

• “The most important aspect for me is the help that I receive from other boards who have already tackled the hurdles I come across in my position.”

OASBO MEMBERSHIP PAYS BACK

A recent survey of members shows that an OASBO membership pays for itself many times over:

• 87% of members agree their OASBO membership is a good value.

• 86% of members agree OASBO expands their professional network.

• 60% of members feel their OASBO membership helps their board save money or find new operational efficiencies.

OASBO is a member-driven organization, committed to building Ontario’s provincially-funded education system through strong and efficient administration.

As OASBO members, we build and maintain the physical, economic and social structures that the Ontario education system relies on. Among our many roles, we ensure that:

- school facilities provide a safe learning and working environment,
- staff have the human resource supports they need,
- students are picked up and dropped off by a reliable bussing system, and
- the IT in classrooms is ready to inspire learning.

We lead change

OASBO members look beyond constraints and challenges to create and share best practices that build solutions through the power of collaboration, research and knowledge, and by learning from experiences of colleagues at school boards across Ontario.

Working together in a unique and highly effective committee structure to share best practices, our members take pride in their work strengthening Ontario’s education system. With over 1,200 members from nearly every school board in Ontario, OASBO members are leading change in every aspect of board administration across the province.

Committees are the heart of our work

The heart of OASBO is our 18 committees, each focused on the critical issues that matter to you. Our committees are filled with your professional peers and are places to exchange ideas, ask questions and find solutions. In fact, OASBO committees tackle some of the most challenging and complex problems in Ontario’s education sector. If you have a question, we will have your answer.

Supporting your change

Every day, OASBO members make Ontario schools better places for students, staff and their communities. As recognized professionals in the education sector, OASBO members are frequently called upon to sit on provincial panels and advisory committees whose recommendations impact real policy decisions. Our members are fully engaged and committed, and want to share their knowledge and passion for a strong education system.

Join us

Join the thousands of administrative professionals at OASBO and let their experiences help you build, create and implement change in our educational system.
