

HONORING
THE OHIO ASSOCIATION OF COMMUNITY HEALTH CENTERS
ON NATIONAL HEALTH CENTER WEEK 2026

On behalf of the members of the Senate of the 136th General Assembly of Ohio, we are pleased to pay tribute to the Ohio Association of Community Health Centers on its commemoration of National Health Center Week, August 2-8, 2026.

National Health Center Week was conceived as a way to raise awareness about the missions and accomplishments of over 1,500 community health centers in operation across the United States, as well as to honor the healthcare providers, staff, and board members who direct and sustain these facilities. Indeed, the Ohio Association of Community Health Centers is to be commended for its support of this initiative and for championing the continued growth and expansion of this innovative model, and its exemplary work has set an outstanding example for other such advocacy groups throughout Ohio.

It is through the efforts of innovative individuals such as all those associated with the Ohio Association of Community Health Centers that our state has gained a reputation for supporting the well-being of our society. As they observe National Health Center Week 2026, these professionals have the opportunity to build on the successes of the past and open new dialogues between themselves and the public, thereby laying the foundation for a more prosperous future.

Thus, we commend the Ohio Association of Community Health Centers on its celebration of National Health Center Week 2026 and salute all those involved as exemplary Ohioans.

Senator Robert McCool
President of the Ohio Senate

Senator William P. DeMora
25th Senatorial District
