How to Log in to Your OACHC Profile

Where do I go?
First, visit www.ohiochc.org
Next, type in your username in the username box located below the words “Sign In” on the homepage.

How do I know my username and password?
Your username should be your email address. Your password should be “oachc1234”.

What if I already changed my password?
If you have already changed your password, type your own password in the password box.

What if I forgot my password?
If you already changed your password but have forgotten it try clicking on “Forgot your password?”. 

oachc1234 doesn’t work for me…
If the password “oachc1234” does not work for you, try clicking on “Forgot your password?”. 

What happens when I click on “Forgot your password?”?
By clicking on “Forgot your password?” you will be prompted to receive a password reset email.

I am not sure if I have a profile…
If you are new to your organization and have never attended any OACHC events you may not have a profile. In that instance you will need to click on “Haven’t registered yet?” to create a profile. If you work for a Community Health Center your member type is “CHC Contact”.

Okay, now how do I get in to my profile?
First, type your username (most likely your email) in the username box
Next, type in your password (most likely “oachc1234”) in the password box
Once you click “Sign In” you will be directed to your profile.
Once you are in your profile...

Where do I find groups?

On your left hand side you will see any groups you may be involved with. Simply click on your groups name to join the forums, message the group or see events relevant to that particular group.

How do I edit my profile?

To modify your profile including changing your password to be your own personal password, click in the red “Bio” tab on your profile.

To modify your profile, click “Edit” next to “Professional Information”

Now we will first look at “Account Information”

Easy profile access...

You can create a personal link to your OACHC profile to make finding your profile even easier. Simply click “Create Personalized URL” and follow the directions on how to pick an alias.

How can I change my password?

If you are planning on changing your password from “oachc1234” or from any password simply click the red word “change” next to the word “Password”.

My profile information...

You can fill out the rest of the information as well, fill out as much as you would like. It is very important however to fill in your organizations name and address. If you are in a Senior Management Role please select in the boxes next to “Senior Management Role” which position best fits your job title. If you are in search of a job in Ohio in a community health center you can check “yes” in the drop down menu next to the words “Job Candidate”. The section “Additional Information” is for those seeking jobs. If you are not seeking jobs you do not need to fill out this portion of your profile.

Remember to save your changes when you are finished.

Now that you have a profile and are able to log in, you can now register yourself for OACHC events, be active in our groups, view messages and more.

If you are still having difficulty logging in to your profile please contact OACHC.

Thank you and have a great day!
