Charter & Mission Statements

Charter Statement

The purpose for which the Association exists is to benefit the Ohio forest products industry and related enterprises (the “Industry”) within the meaning of Section 501(c)(6) of the Internal Revenue Code and any successor statute including, but not limited to, establishing and maintaining business relations and ethical practices between and among enterprises in the Industry, facilitating member success through legally permissible collaborative solutions, promoting the use of forestry-related products, encouraging conservation, development and protection of forests and wildlife resources, encouraging research in the science of management and utilization of forests and related resources, providing a lawful forum for discussion of topics of interest to the Industry and engaging in any other activities for the benefit of the Industry that an Ohio non-profit corporation may engage in under said Section 501(c)(6) and any successor statute. The Association shall be Ohio’s premier Industry organization.

Ohio Forestry Association Mission Statement

The Ohio Forestry Association supports the management of Ohio’s forest resources and the strengthening of member business opportunities in the forest products industry and related enterprises.

Literature Available from OFA

To order these items, please send a check and a list of requested materials to
The Ohio Forestry Association, Inc./507 Main Street, Suite 200/Zanesville, OH 43701

For questions or more information contact OFA: Toll Free: 888-38-TREES;
F: 740-297-4153; Web: www.ohioforest.org.

- 1. Membership Directory** – List of Ohio Forestry Association members in categories: manufacturers, wholesalers, suppliers, service firms, foresters, contractors, woodland owners. Sorted also by states, and Ohio counties. Cost: \$50.00 per copy includes postage in U.S. Outside the U.S.: \$65.00 U.S. currency.
- 2. Tree Farm Information** – The American Tree Farm System is a nationwide community of more than 70,000 individuals and families joined by their desire for excellence in forest stewardship. An application to become a Tree Farmer can be obtained from OFA. Ohio has over 2000 tree farmers. The Tree Farm is defined as an area of privately owned forestland, dedicated voluntarily by its owner to the growing and harvesting of repeated forest crops. Cost: No charge in U.S.
- 3. Camp Canopy** – A one-week summer resident camp for high school students. OFA has sponsored and conducted this camp since 1950. The students attending will participate in classes covering tree identification, silviculture, ecology, and forest products. The campers are housed in dormitories with an older counselor. Contact OFA for more information.
- 4. E.B. Miller Memorial Scholarship Application** – The purpose of the E.B. Miller Memorial Scholarship is to provide assistance toward forest resource education to quality students. The scholarships awarded are grants with no requirements of repayment. Funds awarded may be used to pay or defray the cost of tuition, room, board, and/or laboratory fees. Deadline for application is April 15. Grant recipients will be announced in the beginning of May. For more information contact OFA.
- 5. Ohio Forest Fact Sheet** – Facts about Ohio's forests, number of acres, ownership; government, private, and industry; organizations; and colleges. Cost: No charge in the U.S.

OFA Programs and Benefits

Air Evac LifeTeam: When seconds count, do you have what it takes to survive a life-threatening medical emergency? Air Evac Lifeteam offers OFA members savings on policies that cover medical air evacuation if needed.

Annual Meeting: The Association's annual meeting is held during the first quarter of the year. The program includes educational sessions for both industry and tree farm participants. The Annual Meeting provides the opportunity to recognize individuals and families that have made contributions to Ohio's forestry community through the following awards: Tree Farmer of the Year; Logger of the Year; and other conservation awards.

Camp Canopy: This week-long resident camp in the summer for high school students is an opportunity to experience in a relaxed atmosphere a variety of forestry and wildlife topics. The camp is open to any student who has completed the 8th grade. A staff of professional foresters and wildlife managers serve as instructors at camp.

Chainsaw Safety and Awareness that Works (CSAW): An OFA administered chainsaw safety training program provided to all Master Loggers as well as other users in need of chainsaw training. Training is completed in partnership with the Occupational Safety and Health Administration (OSHA) through an Alliance Agreement.

Classified Ads: As a member of OFA you can advertise your used equipment for sale or place help wanted ads at Ohioforest.org free of charge.

Forestry Suppliers: OFA Members received a 7% discount on all orders placed with forestry suppliers. Simply use the key code KOH to received your discount.

Freight discounts: Yellow Freight is committed to providing OFA members with special negotiated rates on shipping services, a competitive option for inbound and outbound shipments ranging from 150-7,500 lbs. Yellow is a leader in 2-5 day LTL (less-than-truckload) shipping with comprehensive service throughout North America. Members typically save between 5-15% over what they currently pay with their incumbent carrier or logistics provider. We want to meet your needs by offering a variety of shipping solutions, which include standard, guaranteed, expedited, cross-border, exhibit, truckload, and custom services.

Group Insurance Program: Since 1991, the OFA has offered a Workers' Compensation (WC) group rating program to its industry members. Administered by Sedgwick, this program works by having eligible individual employer members pay into trust fund the premium they would have paid on an individual basis to the BWC. Each six months the savings realized by the group as a whole are distributed back to the participating employers. Each individual employer's rebate is based on the group rated and the company's safety record.

Hunting Land Advisors: Evaluating, planning and managing your hunting land and income.

Legislative Representation: OFA stays current on legislative issues that could potentially impact the forestry industry and takes an active role in fighting for a positive outcome for OFA Members.

Master Logging Company Program: A voluntary certification program for logging companies whereby companies agree to comply with certain safety training and operating standards including first aid/CPR, Chainsaw use and Safety, Best Management Practices and Workers' Compensation.

Memorial Scholarship: The scholarships awarded are grants with no requirements for repayment. The purpose of the OFAF Scholarship is to provide assistance towards forest resource management education to quality students. To be eligible for this grant the applicant must be an Ohio resident, US Citizen, a high school graduate accepted for admission to an approved college, university, junior college or technical college with a two-year minimum program. Current college students must provide evidence of satisfactory scholastic advancement. Preference will be given to students attending Ohio colleges and universities. A minimum of one Scholarship will be awarded each year. Deadline for application will be April 15. Recipients will be announced the first week in May.

OFA Master Logger Insurance Program: OFA has selected the Hummel Group as the exclusive representative for the Master Logger Insurance Program. This program has been designed specifically for OFA Master Logging Companies. This unique program closes many gaps the OFA & Hummel Group have identified in standard insurance policies.

OFA Programs and Benefits

Ohio Tree Farm Program – The Association is a co-sponsor with the Ohio Division of Forestry of the American Forest Foundation (AFF)-Tree Farm Program. In 1956 the Isaac Walton League signed on as Ohio's first Tree Farm. The program in Ohio has since grown to more than 2,000 actively managed Tree Farms. These woodlands are being managed by men, women, families, cities, companies, etc. who have come to understand the benefits of working forests. Ohio citizens benefit from this program through increased wildlife diversity, improved water quality, recreational opportunities, improved air quality, aesthetics and timber production.

Outdoor Underwriters Insurance – Hunt leasing, landowner liability, timberland or woodlands (vacant landowner) liability and combination insurance policies to OFA members. Those interested can sign up online at www.ofa.outdoorund.com.

The Paul Bunyan ShowSM – This Show is one of the largest forestry expositions in the Midwest, held annually the first full weekend in October. Since 1957, the PBS has always been about two objectives: first is business; it is a trade show offering members the opportunity to network with forest industry equipment suppliers. Second, it is an educational experience for the general public to learn about the importance and economic impact of the forest industry to Ohio and neighboring states.

Savings4Members – A purchasing cooperative offering members substantial savings on industrial and office supplies, uniforms, payroll services, shipping, fuel, credit card processing, financing and much more.

What's your log & lumber inventory worth? Don't know? Not sure? Universal Tag, Inc. specializes in sequentially numbered & bar-coded log & lumber tags for tracking, sorting, inventory control and identification purposes. A good tagging program will assist you in optimizing inventory, reducing waste and obsolescence, chain of custody accountability, inventory valuation, pricing strategies, and more. By tagging your logs and lumber, you gain control of your inventory...it doesn't control you!

Master Logging Companies

As of March 30, 2023. Please go to www.ohioforest.org to see an updated list.

The Ohio Forestry Association maintains a Safety Training and Voluntary Certification Program for Logging Contractors and their employees. The following requirements are necessary for the Ohio Voluntary Master Logging Companies:

1. Each trained logger is trained to use Best Management Practices (BMPs) to reduce soil erosion and improve the appearance of timber harvesting activities.
2. Each Trained logger is trained to employ safe and efficient timber cutting and logging safety practices.
3. Each trained logger has current certification in First Aid and CPR. (Online courses NOT accepted)
4. The Company maintains Workers' Compensation coverage on employees.
5. The Company provides liability coverage on request.
6. Each trained logger must participate in advanced training and periodic recertification training.
7. The Company must be member of local logger's chapter and be represented at least three (3) meetings each year.
8. The Company must be a member of the Ohio Forestry Association, Inc.
