Test Item Writing for the Next Generation NCLEX

Workshop Outcome

Recognize the importance of developing and using tests throughout the curriculum that focus not only nursing concepts but also on clinical judgment, including suggestions for writing items for the Next Generation NCLEX. Use of test blueprints conducting statistical analysis of questions will be included.

AGENDA

8:00 - 8:45 am	REGISTRATION
8:45 - 9:00 am	WELCOME & INTRODUCTIONS
