# Policies and Procedures for Continuing Education Approval

## Ohio Physical Therapy Association

### PURPOSE:

The purpose of this document is to provide and communicate a uniform process for evaluating continuing education courses, programs, and activities suitable for license renewal of individuals licensed to practice physical therapy in the State of Ohio.

The Ohio Physical Therapy Association (OPTA), through the Continuing Education (CE) Committee, is an entity authorized by the Physical Therapy Section of the Ohio Occupational Therapy, Physical Therapy, and Athletic Trainers Board (hereafter referred to as the PT Section of the OT, PT, AT Board) to review and approve continuing education courses, programs and activities that contribute to the growth of a participant's professional competence in the practice of physical therapy. (Refer to Section 4755.53 (C) of the Ohio Revised Code.

Approved courses, programs, and activities must meet the standards delineated in Sections 4755.52 and 4755.53 of the Ohio Revised Code and described in this document.

## SECTION A

### STANDARDS FOR REVIEW AND APPROVAL OF CONTINUING EDUCATION COURSES, PROGRAMS, AND ACTIVITIES FOR PHYSICAL THERAPISTS AND PHYSICAL THERAPIST ASSISTANTS IN THE STATE OF OHIO

#### CRITERIA FOR CONTINUING EDUCATION

Note: The criteria in this section are derived from section 4755.52 (B) of the Ohio Revised Code. Regardless of how or where a CE course, program or activity is offered or completed, the criteria delineated in this section will be applied during the review process.

#### 1.0 Course Content

- 1.1 Must contain content directly related to the practice of physical therapy, professional responsibility, or ethical obligations.
- 1.2 Must contain significant intellectual or practical content intended to improve a participant's professional competence in physical therapy.
- 1.3 Must contain current, high quality information, preferably evidence-based, designed to increase or enhance knowledge, skills, or attitudes consistent with current standards of practice in physical therapy.
  - 1.3.1 Programs or activities designed to meet initial or ongoing conditions of employment and programs that deal with the internal operating procedures of an organization or work-site specific procedures do not qualify for continuing education credit for license renewal.
  - 1.3.2 Broad-based programs, where the physical therapist or physical therapist assistant is not the target audience, may be approved for only partial credit or may not be approved.

#### 2.0 Format

The continuing education activity must reflect an organized program of learning (in-person instruction or other methods of instruction) supported by learning objectives.

- 2.1 Types of programming eligible for approval:
  - 2.1.1 An on-site course, program, seminar workshop, structured debate, journal club, or live webinar specifically designed for continuing education.
  - 2.1.2 Distance education (home study; video, audio or web-based instruction; recorded/streaming webinar; etc.) developed by an individual or group qualified by practical or academic experience.
  - 2.1.3 A course offered as a series. A series is defined as congruent material presented in short sessions or modules over a period of time. A course offered as a series must meet the following criteria: 1) overall course description must cover one clearly defined topic; 2) learning objectives must relate to all sessions/modules; 3) the course bibliography must support the scope of the content in the series; 4) participant must complete all sessions/modules to receive continuing

education units (CEUs). *A sequence of sessions or modules covering an array of topics is not considered a course offered as a series.*

- 2.1.4 A professional association's conference that contains multiple, concurrent educational sessions.
- 2.1.5 An academic course taken at an accredited college or university.

## 2.2 Learning objectives:

- 2.2.1 Course objectives must be clearly stated and relevant to the practice of physical therapy.
- 2.2.2 The course content must be consistent with the stated learning objectives/outcomes.
- 2.2.3 The objectives must include the expected learning outcomes for a participant (identifying what the participant will be able to do at the completion of the course or activity) and must relate to the practice of physical therapy, professional responsibility, or ethical obligations.

## 3.0 Faculty Qualifications

- 3.1 The continuing education program must be prepared and/or conducted by an individual or a group qualified to teach the course content to the specified target audience (as determined by the OPTA or the PT Section of the OT, PT, AT Board).
- 3.2 The faculty/presenter(s) must provide evidence of qualifications, such as educational background, practical experience, or academic credentials.

## 4.0 Instructional Hours

- 4.1 CEUs must be based upon clock-hours of instruction. One clock-hour of instruction equals one CEU. A portion of an instructional hour and associated CEUs are subdivided in no less than 15-minute increments (rounded to the nearest 0.25 CEUs.)
- 4.2 A course or program must contain a time schedule that accurately identifies the periods of instruction. Registration, breaks, meals, pre-tests and time set aside for evaluation of the course will not be calculated in the clock-hours of instruction.
  - 4.2.1 The course schedule must allow suitable time for participants to absorb the material presented.
  - 4.2.2 Time set aside for Q&A and post-tests will be calculated in the clock hours of instruction.
- 4.3 Sponsors (authors) of distance education courses, which may be completed at the learner's own pace, must identify how the estimated number of hours to complete the course and the number of CEUs offered for the course were determined. See additional details in the "Policy on Distance Education" in a later section of this document.
- 4.4 See additional information on calculation of CEUs for other types of learning activities in Section B and in policies dealing with CEUs for teaching or authoring a publication in Sections H and I of this document.

## 5.0 Teaching Methods and Course Materials

- 5.1 Teaching methods must be appropriate for the content taught. (Examples include, but are not limited to, lecture, discussion, demonstration, problem-solving, case studies, laboratory practice.)
- 5.2 Course materials must include high-quality material, supported by a bibliography of at least five current references (e.g., articles from professional journals, textbooks, and websites) published within the past 10 years. Five of these references must be from peer-reviewed or editor-reviewed sources. Digital publications (e-publications) are acceptable if they can be obtained digitally as full-text publications.
- 5.3 Course materials must describe instructional aids and resource materials to be utilized.

## 6.0 Setting/Environment

- 6.1 The physical environment for the course, program or activity must be suitable to the subject matter of the course and conducive to learning.

- 1.1 Each application for approval of a CE activity, submitted by a course sponsor or individual licensee, will be dated when received and assigned a temporary application number (for tracking purposes).

## 2.0 Evaluation of the course by an OPTA CE Reviewer

- 2.1 After the application has been moved to the review queue, the application will be reviewed in the order received.
  - 2.1.1 As noted in Section C of this document, which describes the CE Committee, a CE Reviewer is a contract employee of the OPTA who is a physical therapist, licensed in the State of Ohio, and knowledgeable about CE for PTs and PTAs.
- 2.2 When evaluating a course or activity for CEUs, the OPTA CE Reviewer may request additional information/clarification from the applicant in order to meet the “Standards for Approval of Continuing Education Courses, Programs, and Activities for Physical Therapists and Physical Therapist Assistants in the State of Ohio” as described in the Ohio Revised Code and all relevant policies and procedures in this document.

## SECTION E

### POLICY ON VERIFICATION OF ATTENDANCE/PARTICIPATION IN CE ACTIVITIES

Purpose: To provide a method of documented attestation of a licensee's attendance and/or participation in approved continuing education activities.

- 1.0 **It is the responsibility of sponsors or presenters of CE activities to verify a participant's attendance and completion of a CE course, program or activity.**
- 2.0 **Sponsors or presenters seeking approval of a CE activity must submit a plan or system in the application to verify attendance of their participants. For all courses, tracking attendance is required. A sign-in sheet or electronic scanning are acceptable for on-site courses. For distance learning courses, a separate and distinct method of attendance tracking is required. Examples include: an attestation of course completion, embedded questioning within distance learning materials, an inability to fast forward through online content, inability to take the post-test prior to reviewing the materials, tracking log-on time, etc.**
- 3.0 **At the conclusion of an educational activity, the participant must be provided a letter or certificate of attendance that indicates the participant's name, the name and date(s) of the course, the signature of the course sponsor or instructor, the number of CEUs earned and the Ohio approval number of the course assigned by OPTA.**
- 4.0 **A licensee, submitting an individual application for approval of CEUs for an academic course, must include an official college/university transcript in order to verify enrollment in and satisfactory completion of the course. Official digital transcripts submitted through a secured site, emailed directly to the OPTA office will also be accepted.**
- 5.0 **The requirement for satisfactory completion of a continuing education course/activity entails completion of a specific instructional sequence over a predetermined period of time as indicated by the course schedule. Completion of only a portion of the instructional sequence (hours) may not qualify the individual to receive verification of his/her participation in the CE course.**
  - 5.1 If a participant completes less than the approved instructional hours for a course or program, the sponsor or presenter may revise the CEUs noted on the course certificate or provide a letter of verification of attendance signed by the sponsor or presenter indicating the number of contact hours the participant was in attendance (the correct number of CEUs awarded).
  - 5.2 It is the ethical and legal responsibility of the participant to report the actual hours of attendance when they are less than those indicated on the certificate.

## SECTION F

Purpose: To assist course sponsors and licensees in identifying those educational activities qualifying as "...an organized program of learning dealing with matters directly related to the practice of physical therapy, professional responsibility, ethical obligations, or similar subjects...that maintain and improve the quality of physical therapy services in this state." (Section 4755.52 (B) (2) of the Ohio Revised Code.)

- 1.1 An application that remains incomplete without correspondence for 30 days despite periodic reminders (e-mail or telephone contacts) from the CE Reviewer.
- 1.2 Inconsistency between learning objectives and course content.
- 1.3 Insufficient instructor qualifications to teach the course content or meet learning objectives for the target audience.

- 1.7 Learning objectives and content of the course are not within the scope of practice of physical therapy.
- 1.8 Duplicate application, or a course with a current approval.

#### **2.0 Limitations on CEUs Awarded**

- 2.1 No more than 12 CEUs for a physical therapist or six CEUs for a physical therapist assistant will be granted for teaching during a biennial renewal period.
- 2.2 No more than 10 CEUs per publication will be granted to an author or co-author of a published article or book relevant to the practice of physical therapy.

#### **3.0 Written notice of a denial**

- 3.1 An explanation of the reason(s) for denial of all or a portion of the CEUs requested shall be given to the individual licensee or sponsor who submitted the application. CEUs are awarded based on contact hours, so there may be courses where a *portion* of the CEUs requested are approved.

#### **4.0 The appeal process**

- 4.1 A sponsor or an individual licensee may appeal a decision at two levels. The first appeal is sent to the OPTA CE Committee.

- 4.2 Requests for a formal appeal of a CE Reviewer's decision must be submitted in writing within 60 days of receiving notice of denial of CEUs. Requests should be sent to the OPTA office to the attention of the CE Committee.
- 4.3 A copy of the denial and additional information, which supports approval, rather than denial of the CE activity must be included in the appeal.
- 4.4 After all information necessary to process the appeal has been received by the OPTA, the CE Committee has 30 days to review and respond to the person who has made the appeal.
- 4.5 An appeal will be reviewed by all voting members of the CE Committee after receipt of a copy of the application materials and additional information submitted with the appeal. The committee will determine by means of a majority vote during a conference call whether to support or reject the appeal.
- 4.6 Conference calls for appeals are scheduled on an "as needed" basis as determined by the chairperson of the committee.
- 4.7 The committee shall identify reason(s) for supporting or rejecting an appeal. The chairperson will communicate the committee's decision on an appeal and the rationale for the decision to the OPTA office in writing. The office, in turn, will send written notification of the committee's decision to the individual who submitted the appeal.
- 4.8 If a majority of the voting members of the CE Committee rejects the appeal (upholds the initial denial), the applicant has the right to appeal the CE Committee's decision to the PT Section of the Ohio OT, PT, AT Board for a final decision.
