

# OPTA SCHOOL OF THE MONTH

This **new initiative** started by the Ohio Physical Therapy Association Student SIG board features a **School of the Month**.

The School of the Month can use their month to promote their school by sharing unique events happening in their program which will be posted on the OPTA Student Page and the OPTA Students Facebook!

The goal of this program is to encourage communication and collaboration between all Ohio PT and PTA programs!

## SHARE HOW YOUR SCHOOL DOES:

### Life as a PT/PTA Student

What does a day-in-the-life for a student at YOUR school look like? Classes? Fun? Social events? Classroom atmosphere?

### Community Outreach

How does your school get involved in the community? Volunteer? Extracurricular activities? Pro-bono therapy? Community education? Health screens?

### Research

What ongoing research projects are happening? Student or professor-published papers? Need any surveys taken or more subjects for research? What topics?

### Professional Development

What does your school do to prepare students to enter the professional world? Career fairs? Resume workshops? Guest speakers?

### Conferences

What state or national conferences do students from your school attend? What valuable things have students learned from these events?

### PT Literature

Here's your chance to share with other students any interesting PT literature you've encountered!

All students and schools are invited to present a PT journal article on the monthly SSIG conference call, held the first Sunday of each month at 8:30 p.m. To get involved, email [opt@ohiopt.org](mailto:opt@ohiopt.org)!

## HOW:

To participate with the OPTA SSIG as part of School of the Month, please email [opt@ohiopt.org](mailto:opt@ohiopt.org) subject line "School of the Month."
