

OLA SMART
Friday, September 23, 2005
Stillwater Public Library
Minutes

Joan Singleton, Chair, called the meeting to order and welcomed everyone. Present: Julia Harmon, Holly Labossiere, Lynda Reynolds, and Joan Singleton.

OLA Program Committee Report:

Joan reported about the four conference programs we're sponsoring. She has turned the forms in to Charles Brooks and they are on the OLA webpage.

<http://www.oklibs.org/program/programs/DROCs.html> On this page scroll down to SMART to see what she submitted. Joan did find an error, so she's going to have to revise info – wrong speaker name on a program. She'll get that corrected today. (Sometimes Holly has trouble receiving e-mails so here you might want to check and send to both work and home. The hot mail acct. is checked about twice a week. labosha@poncacityok.com or labosha@hotmail.com.)

OLA Webpage:

No report.

SMART Notes:

Julia has said that she tries to get Smart Notes out around the end of the first week of the month. Joan should get Chair notes and comments out to her sometime during the first week. Also, she would like to have the minutes for the same purpose if that's possible.

SMART/Admin RT:

We read over and corrected the Admin RT description that's in the OLA Manual. Made suggested changes and Joan will get that off to Kay today as well.

Old Business:

We talked about the summer workshop for '06. Wayne Hanway had suggested a grant writing workshop that is geared specifically for libraries. We thought this might be able to co-sponsor with Public Library Division. Lynda said she'd check with Susan Stansbury of OSU. She runs their library program and could be helpful. Julia will talk with Ann Masters of the Pioneer system as this is part of her job and she has apparently had good success. Also, Joan thinks she's the one who's supposed to talk to Pat Weaver-Myers who was formerly at OU and is now head of the Noble Foundation Library.

New Business:

We'll meet next, Oct. 14 at Midwest City Public Library, then Nov. 10 at Enid Public. On Dec. 2 in Bartlesville followed by lunch at Copper Restaurant at the Frank Lloyd Wright tower followed by a trip to Red Dirt Soap and Keepsake Candles for anyone who's interested.
