President's Message

The attached report is the result of many hard hours of work. Early in this fiscal year the Executive Board agreed that a study needed to be made of OLA and its priorities in the eighties.

The ad hoc committee was charged with investigating the directions of OLA, to include its goals and objectives, its activities and its fiscal priorities for the next decade.

The results of this investigation are attached.

Please read this report carefully, because ballots will soon be mailed to every member to determine the association’s approval or disapproval of specific areas.

So when you mark your ballot, remember that it is your voice forming the future of the Oklahoma Library Association.

Summary of Major Recommendations of the Ad Hoc Planning Committee Report

1. Adopt statement of goals and objectives to provide a framework within which the Association may operate.
2. President should be expected to exert positive and imaginative leadership in the articulation of specific objectives aimed at moving the Association ahead and in planning for the annual conference.
3. Role of the President-elect should be to work in close cooperation with the President in planning for the conference and in other ways as requested to help achieve the stated objectives for the year.
4. Divisions should be reduced to five, with the chair of each holding a seat on the Executive Board in place of “Directors.” Three current divisions would become roundtables. Reorganization should result in stronger Board with greater responsibility to assist with planning and implementation of the annual program developed by the President.
5. Office of Second Vice-President should be phased out. Position may be unnecessary if chairperson of Trustees Division has regular seat on the Executive Board.
6. Committees on Publicity, Union List of Serials, Archives, National Library Week, and Publications should be phased out because their functions are, or can be, satisfactorily carried out in other ways.
7. Committees on Membership and Recruitment, Intellectual Freedom and Right to Read should be combined for purposes of better coordination of funds.
8. Ad Hoc Committee should be appointed to consider what the Association’s goals and objectives should be in regard to publicity and how they might best be achieved.
9. Formal liaison should be established by the OLA Executive Board with the FOLIO Executive Board.
10. Constitution and Bylaws Committee should review the Constitution and Bylaws with the purpose of sharpening those aspects which relate to the charge to each division, roundtable and committee relative to the goals and objectives of the Association.
11. Dues increase should be adopted beginning on July 1, 1980.
12. President should initiate an effort as soon as possible to encourage more institutional memberships in the Association.
13. The Oklahoma Librarian should be replaced with a b-monthly newsletter in January of 1981. Purpose would be to increase frequency, reduce cost, and adopt a more interesting format with wider appeal. Increased frequency of publication may make it possible to discontinue the President’s Newsletter.
14. Reformed Editorial Board should coordinate all activities relating to the Association’s official publication. Editor, appointed by the Executive Board, should chair the group and coordinate all its activities.
15. Existing Job Description is satisfactory for the Executive Secretary for the foreseeable future. Full-time position should be considered when operations and income of Association are broadened and increased substantially enough to warrant it.
16. Comprehensive review of the Association should be formally conducted every two or three years as long as the initial spiral continues unabated.
17. The annual conference: the workshops, and other programs held throughout the year should be planned to produce net income to the Association while continuing to emphasize activities of good quality.
18. Membership Committee should be charged to recommend ways to broaden the Association’s appeal in a manner that will attract 30-50 new members each year for the next five years. Plan should be presented to the Executive Board in time to begin implementation by July 1980.
19. Association should continue to pay the ALA Councilor’s costs to attend two national conferences each year. Financial support should be continued for the President’s trips to MLA twice each year and to SMLA bi-annually, with the Executive Secretary’s way paid to one ALA Conference each year.
20. Cost of the official Association publication should be increased to $15.00 per year beginning in January 1981 for all institutional subscribers.
21. Association should make a sustained effort to secure outside financial support for all official publications and special programs. Individual should be identified to coordinate requests for such support to avoid duplication of effort and to ensure broad coverage of sources.
22. Support of legislation that is helpful to libraries and to the services they perform should be continued up to the maximum amount allowed by the Internal Revenue Service for tax exempt organizations.
23. Innovative ways must be discovered to bring additional income to the Association.

Recommended General Goals and Objectives for the Oklahoma Library Association (December 1979)

Promote adequate library service for the people of Oklahoma.

Objectives:
A. Plan for orderly, long range library development in cooperation with local agencies of like kind.
B. Initiate a broad-based, ongoing public information program through available media resources.
C. Explore the possibilities of joint sponsorship of short term programs or projects with other groups or associations.
D. Conduct a triennial comprehensive review of the condition of the Association, with input invited from the membership at large.
E. Involve the Association actively in library legislation by identifying library related needs which can be ameliorated through legislation.
Summary of Ad Hoc Planning Committee Report—
(Continued from page 3)

Initiate such legislation and promote its support, striving to keep its members informed about library legislation at all levels, evaluation of such legislation, and linking appropriate action.
B. Maintain the public's right to information in all formats by means of an active interest in such matters as copyright, the publishing industry, new technology, and social as well as legal changes which may affect access to information.
C. Improve the status and well being of librarians in Oklahoma.

Objectives:
A. Sponsor an ongoing program of continuing education, based upon a determination of the needs of the membership, through a variety of activities and an exchange of information with other professional organizations.
B. Identify areas of librarianship in Oklahoma needing research, establish a means of conducting such research, and disseminate the results to the membership with recommendations for action as appropriate.
C. Develop tangible benefits of membership, in addition to those which already exist as a means of encouraging increased membership and greater participation in the Association.
D. Adopt a statement of Intellectual Freedom for librarians in Oklahoma.

What's New in Oklahoma Libraries

by Beverly Joyce
University of Oklahoma Libraries

The most tangible and visible evidence of the vitality with which Oklahoma libraries are entering the decade of the 1980s is exhibited in the new library buildings and additions appearing throughout the state. These buildings represent great effort in planning and public relations on the part of administrators, and just as important, awareness of needs and generous support on the part of legislators and private donors. Two examples of such efforts in the academic world exist in two new additions: one is recently completed at the University of Tulsa and the other just begun at the University of Oklahoma.

The original McFarlin Library was donated to the University of Tulsa by Mr. and Mrs. Robert M. McFarlin in 1930. Its location in the center of the campus and at the apex of the oval made it a significant focal point for the University, both physically and symbolically. Fortunately, there was space behind the original building to accommodate the million dollar addition which became necessary by 1965. Mr. and Mrs. James A. Chapman and Mrs. Pauline Walter, both daughters of the McFarlins, continued the generous support by this family of the Library's needs. The existing structure was renovated at this time as well.

By 1976 space needs dictated further expansion, but the surrounding area was built up and additional buildings would destroy the beautiful appearance of the campus. After a year of space analysis, the architects, McCune McCune and Associates and H. G. Barnard, Jr., presented an ingenious solution to the President of the University, J. Paschal Twyman. A two story underground addition was built in front of the original library, topped by a very attractive plaza with seating areas surrounding a sunken courtyard with fountain, which incidentally provides windows and natural light to the underground areas.

Although the new addition is thoroughly contemporary in tone with walls of glass surrounding the courtyard on three sides, it is successfully integrated with the original building by the use of white walls, dark woodwork, and carpeting of the same apricot/sienna tone. The late afternoon sun reflects a warm glow over the entire new area, creating a comfortable and appealing at-
mosphere. Study tables and seating just inside the glass walls take full advantage of this atmosphere.

The courtyard contains an attractive chandelier shaped fountain segmented into seven sections representing the seven colleges of the University of Tulsa. This fountain is accessible through doors on the bottom floor of the addition. Greenery planted around the courtyard provides a year round garden.

Aside from aesthetic delights, the new addition brought practical improvements to its users: nearly 66,000 new square feet provided space for over 853,000 new books and seating for 250 more people. The total construction and furnishing costs for this project were $3,300,000.

Preserving the family tradition of support to the Library, the new addition was funded by gifts of $1,000,000 from Mrs. Pauline Walter and $2,000,000 from the Chapman-Barnard-McFarlin Interests. Grateful librarians and students have expressed their satisfaction and pleasure in using these beautiful new facilities.

Progress toward a new library addition for the University of Oklahoma is becoming visible this
year with the recent approval of architectural plans by Hellmuth, Obata & Kassabaum, Inc. With the enthusiastic support of the faculty and students, President Banowsky and the Dean of the University Libraries, Sui Lee, convinced regents and legislature that more space and new facilities for the Library were crucial. Funding for the estimated $12,000,000 structure must be provided equally by the public and private sectors, so once again the help of generous supporters will be vital.

The approved designs show that a new structure will be attached to the west of the 1958 addition. The new structure will have four floors above ground level and two floors below. The lower levels will receive daylight through sunken light wells similar in concept to the courtyard of the University of Tulsa Library. Inside, administrative offices will line a balcony level above the main floor, so that soaring ceilings will add a dramatic element to the entrance level.

Efforts to harmonize the new structure with the existing ones will include the use of red brick exteriors with cast stone trim and the extensive inside renovation of the earlier addition. Similar furnishings and carpeting will be carried throughout the interior. Landscaping will be provided to develop an attractive area for the new west entrance. A clock tower is one element of the prospective design for this area, which will also include walkways, seating, and plantings.

Although comfort and visual pleasure are important ingredients in a library setting, the new building will solve other important needs. The additional 150,000 square feet will double the existing space, increase stack capacity by 700,000 to one million volumes, double the number of faculty studies, triple the graduate study carrels, and add seating space for 500 more students. No wonder the 1981 target date for completion is eagerly anticipated by the entire campus!

1980 Midwinter Conference
The Palmer House
Chicago, Illinois
January 20-26, 1980

The Midwinter meetings placidly convened in the Palmer House despite last year's frenetic efforts by some to move it to another state. The threat of a law suit, however, brought fiscal considerations to the front and center, putting the membership in no mood to take such a risk; the mail ballot was overwhelmingly in favor of keeping the date with the Palmer House. Chicago weathermakers cooperated better than in some recent years and the registration figure reached a near high of 4,200—last year in Washington the figure was higher.

Council business opened with a resounding affirmation of confidence in Executive Director Robert Wedgeworth expressed by the Executive Board in its recommendation that he be given a 22% salary increase, a five year contract with raises and cost of living increases bound up in the package. Council voted its approval of the recommendation and the Executive Director will henceforth be paid in annual salary of $58,000 with increases to $60,000 plus cost of living allowances. He is already in possession of a home mortgage loan at 6% made to him by the Association several years ago. The Louisiana Library Association chapter representative read a telegram protesting the action which that organization asked to be presented.
The Sites Committee had placed before the Executive Board their recommendations of cities where the Association might hold its meetings in future years. Their schedule was as follows:

The Council Committee on Committees, chaired by Vice President/President Elect Peggy Sullivan, made its report to Council with recommendations for appointments to twelve Council committees and recommendations for nominees to be elected by Council to the Executive Board. Those elected to the Board were Brooke Sheldon and Jane Anne Hannigan. Your Chapter Councilor had been elected by Council to serve on the Committee on Committees.

The ALA Nominating Committee announced that the two candidates who will appear on the spring ALA ballot for the position of Vice President/President Elect are Dr. Elizabeth Stone, Chairman of the Department of Library Science at the Catholic University of America, and W. Carl Jackson, Dean of University Libraries, Indiana University. Mr. Jackson will retire from that position next summer.

Members of the currently operating 1980-81 Nominating Committee are at work seeking names to go on the ballot next year for Vice President/President Elect, Treasurer and fifty Councilor candidates. Russell Bidlack of Ann Arbor, MI is Chairman of that committee and working with him are Shelah Bell of Irving, Texas, Mary Bibbo of Chicago, Eric Moon (retired) of Saratoga, FL, and Stefan Moses of Sacramento, CA. They will be glad to have any suggestions you might have for any of these positions named.

Of special interest to all Oklahoma ALA members, and non-members who are considering membership, was action taken on Council Document 8, the COPES proposal for a revision in the dues structure. Rather than require every employed librarian to pay the same rate of dues as now is the case and rather than set the dues scale on the basis of salary earned, as was the case in the past, COPES suggested that librarians pay a membership fee based on the number of years of ALA membership. The schedule presented to Council was as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1st year of membership</td>
<td>$25</td>
</tr>
<tr>
<td>2nd and 3rd year of membership</td>

</tr>
<tr>

<td>$50</td>
</tr>
</tbody>
</table>

Trustees would be charged $20 and students $10. An amendment to increase dues for trustees to $30 (“It costs $30 to keep an ALA member on the books,” said Treasurer Chair) failed. Division membership, under the proposed plan, would remain at $15. The entire dues plan was passed by Council. The Constitution and Bylaws Committee will now draft a revision of that document to accommodate the proposed new dues plan and a copy will be sent out in the spring for action by ALA members.

Interestingly, comments made in opposition to a dues structure based on salary seem to have had their basis in the fact that “We cannot assume personal honesty” in all ALA members.

The ALA Executive Board had, in its fall meeting, instructed the ALA staff to retain the usual membership registration fee for the annual conference but to increase the non-member fee to $105. This action was called “an incentive to membership in ALA.”

Activities by ERA proponents were visible at the meetings but not as evident as in the past, nor was any Council action taken on any ERA business. The President noted the absence of some ERA workers from the Midwinter Meetings, having chosen not to meet in a non- ratifying state. The sum of $1,600 was received as a contribution toward ERA’s work in ALA as a result of the promotion made on the membership dues form.

Council voted, once more, to make itself more fully accountable to the membership by compiling a report of the voting record of each Councilor to be made available to any ALA member.

The Treasurer’s report was much more favorable than some recent ones have been. The Association’s assets are $563,000 higher than one year ago; the membership dues income was $20,000 higher than budgeted, the conference revenue $28,000 more than budgeted, the division dues income was $129,000 higher than budgeted. The income from the Dallas conference was twice the amount expected. For five consecutive years there has been no withdrawal from ALA endowment funds and endowment investments have increased by 9.7%. In 1979 they derived $96,000 or 16.5%.

Considerable debate surrounded the recommendation of the International Relations Committee that ALA suspend its institutional affiliation with the International Federation of Documentation until a member, South Africa, resigns or “makes clear that it does not support apartheid.” Without a dissenting vote, the motion passed.
A resolution was read which would ask the Center for the Book at the Library of Congress to call a meeting of representatives of those organizations responsible for the several elements which make up the printed volume (American Paper Institute, Library Binding Institute, etc.) for the purpose of joining in a cooperative effort with ALA and others "to urge the production of books which will endure as long as they are needed." Council approved the recommendation.

A proposal by SCOLE (Standing Committee on Library Education) would require ALA headquarters to create a new office with additional staff for the purpose of carrying out recommendations made at the December ALA Continuing Education Policy Development Forum (Kellogg grant, held at St. Benedict's Center, Madison, WI, sixty participants). Ten out of fourteen library education units in ALA support the proposal. The ACRL Executive Board expressed the opinion that an office of continuing education was not needed in ALA and COPES did not support the proposal. Council passed the motion to create such an office in ALA.

The Committee on Organization (COO) made a few useful recommendations which were adopted by Council including the establishment of a joint committee working between the American Association of School Libraries and the Association for Educational Communications and Technology. COO recommended, and Council approved, the establishment of a Map and Geography Roundtable.

The ALA Council took a stand on the matter of collective bargaining when it adopted a policy statement which proclaims ALA as recommending the principle of collective bargaining and affirmed the right of librarians to organize and to bargain. The vote passed without dissension.

The report of the ALA Committee on Legislation was comprised of recommendations based on resolutions adopted by the White House Conference on Libraries and Information Science and was, after some debate, passed unanimously. One issue of some import was whether or not ALA endorses "The National Library Act." It was subsequently agreed that the Association will support "a National Library Act" with funding provided from federal sources for interlibrary cooperation, literacy, aid to rural and depressed areas, etc.

Following the report of the Committee on Legislation the following ALA chapters made contributions as noted to the work of the ALA Washington Office: Alabama, $100; Arizona, $200; Idaho, $200; New Hampshire, $300; North Carolina, $100; Oklahoma, $200; Oregon, $300. An individual member of the Association also contributed $100.

Several fast items of business were easily handled in the Council, including the acclamation of Mrs. Bessie Moore of Arkansas, a member of the National Council on Libraries and Information Science and the Director of the White House Conference, as an ALA Honorary Member. Two additional library schools were granted accreditation: Ball State University Department of Library Science and the Graduate Library School at the University of Hawaii. The announcement was made that petitions were received for nine additional names for the ALA Council ballot to be mailed in the spring election.

A unanimous vote was given, not surprisingly, to a motion made by the Awards Committee to accept the offer of the H. W. Wilson Company for a grant of $2,500 "to fund an annual grant to be awarded to a library organization to assist it in a program of staff development designed to further the goals and objectives of the organization."

At the close of the final meeting, Council found itself divided on the issue of scheduling no meetings to conflict with Council and Membership meetings. A motion was made to refer the matter to the Committee on Streamlining ALA Conferences for consideration and recommendations. That vote was a close one: 60 to 59 in favor.

The Council concluded its business on schedule, having worked an extra hour on a previous day to fit all business into the time frame allowed.

EDUCATION: A SELECTED BIBLIOGRAPHY OF REFERENCE SOURCES

Jill M. Holmes
Education Librarian
Edmond Low Library
Oklahoma State University

ABSTRACT

The author has prepared a lengthy, unannotated bibliography of reference titles available in the Edmond Low Library, Oklahoma State University, which would be of interest to students and faculty in the College of Education. The author feels that the bibliography would also be of use to other university libraries in collection building or in compiling similar bibliographies.

The bibliography is divided into sections which have either a format or a subject approach according to perceived student and faculty needs.

The format divisions are: biographical sources, dictionaries and thesauri, directories, encyclopedias, handbooks and yearbooks, indexes to books and pamphlets, and indexes to periodical articles.

The subject divisions are: continuing education, employment in education, grants and scholarships, guides to research and publication, higher education, instructional technology, games, simulations and audio visual aids, international employment and study, law for educators, media review sources, statistical sources, and test and assessment instruments.

As Education Librarian at the Edmond Low Library, Oklahoma State University, I am responsible for building the reference collection in education and promoting its use. It seemed to me that a rather comprehensive bibliography of education reference sources which could be used in-house as well as for outside distribution would be useful. I have forgone annotations in the interest of presenting a greater number of titles. Hopefully, most titles are expressive of subject content, and the reader can make her/his own investigations.

The bibliography is divided by format or subject matter as it seemed appropriate to me. This division allows selection of specific sheets for duplication in the departments. Also I can update individual sections as needed. I decided in the case of annuals to not tie the entries to specific years, which would be out of date the next year.

I also felt that other librarians in the state might find this compilation useful in collection building or in the preparation of similar bibliographies.

An OLA Reference Fair held recently at the Edmond Low Library was well attended. I surveyed the titles, especially the education titles, with great interest. There were some education titles I would have added, but, of course, space was a limiting factor for the Fair's organizers.

This article is an attempt at sharing new as well as standard listings with colleagues in the state. I would be interested in participating in the preparation of an annual or more frequent listing of new education titles to be published in the Oklahoma Librarian. Perhaps there is interest in this idea for education as well as for other disciplines? It is always rewarding to find new reference books to purchase. Such an undertaking would serve us well in that regard.

CSLA ISSUES REVISED RESOURCES BIBLIOGRAPHY

A revised and updated edition of Church and Synagogue Library Resources has just been published by the Church and Synagogue Library Association. An indispensable aid to the congregational librarian, the resource bibliography lists books, periodicals, and manuals related to the church or synagogue librarian’s task. A brief description of each of the materials as well as suggestions for its use are given. Non-book materials such as audio-visuals, music, cassettes, and records are dealt with. There is a list of materials to aid in book selection, technical processing, promotion and publicity, and furnishing and equipping the library. A final section lists church and synagogue library associations and the names and addresses of publishers whose materials are listed in the bibliography.

The compilers of the bibliography are Rachel Kohl and Dorothy Rodda. Mrs. Kohl is librarian at St. Paul’s United Methodist Church in Wilmington, Delaware and Library Services chairman of CSLA. Mrs. Rodda, formerly librarian at the Ardmore (PA) Presbyterian Church, is the executive secretary of CSLA.

This bibliography is the third in CSLA’s bibliography series to be reissued in updated editions in 1979. The other two are A BASIC BOOK LIST FOR CHURCH LIBRARIES, by Bernard E. Deitrick ($2.50) and HELPING CHILDREN THROUGH BOOKS, by Helen Keating Ott ($3.75). The price of CHURCH AND SYNAGOGUE LIBRARY RESOURCES, a fourteen-page bibliography, is $2.50, including postage and handling if prepaid. If billing is required, there will be an additional charge of 50c. Orders should be sent to CSLA, P.O. Box 1130, Bryn Mawr, PA 19010.

The fifth annual administrative development program for library administrators, conducted by the School of Business at the University of South Dakota, Vermillion, will be held May 21-23, 1980. The seminar will concentrate on three important topics: 1) Planning; 2) Communication; 3) Performance evaluation. Discussion topics will include, but not be limited to, action planning and objective setting, managing cutbacks, communicating with staff as well as various library publics, and performance evaluation. Designed to assist library administrators in improving their managerial effectiveness, the seminar will be valuable to all kinds of library administrators — public, academic, special, etc.

Program emphasis will be on problem-solving, and methods of instruction will include lectures and case analysis, as well as experiential exercises.

The fee is $185 which includes instructional costs, reading materials and other handouts, room and board, and transportation from and to airports. Anyone interested in attending should contact the program director, Dr. C. N. Kaufman, School of Business, Vermillion, SD 57069, (605) 677-5232.

grams and their profession at the first national conference of the American Association of School Librarians to be held in Louisville, Kentucky, September 25-26, 1980.

The conference, 80 AND BEYOND, will examine the issues and trends facing school librarianship during the next decade. Program "strands" dealing with legislation and funding, networking and resource sharing, education and accountability, automation and information, public relations and progress, freedom and access, and humanization and success will be addressed in forums, theme sessions and mini-sessions.

Library media producers, publishers, equipment and supply companies, computer specialists and furniture manufacturers will occupy 275 exhibit booths in the Commonwealth Convention Center. The exhibits will open on Thursday, September 25, with an all-conference reception and close late Saturday afternoon, September 27. Library media professionals will discover new techniques, new instructional materials, and alternative ways to improve instruction in the classroom.

The Convention program includes an opening general session where a well-known media personality will address the conference. A major gala event of the Conference will include dancing and a taste of Louisville’s finest food aboard the "Belle of Louisville" on Friday evening, September 26. In addition, a number of authors who have influenced the lives of children and young adults have been invited to address an "Authors’ Breakfast" on Sunday, September 26.

The two major hotels for the Conference are the Galt House and the Louisville Hyatt Regency. Rooms at the Galt House are single $29 and twin/double $37. The Hyatt Regency rates are single $32 and twin/double $42.

The American Association of School Librarians, a division of the American Library Association, is a national association representing building-level library media specialists, library media supervisors and library educators with expertise in school librarianship in the colleges and universities of library and information services.

II. APPROVAL OF THE MINUTES OF THE JANUARY 18, 1980 MEETING
The minutes were approved on a motion by Oliver Delaney and seconded by Roscoe Rouse.

III. MONTHLY REPORTS
A. Oklahoma Department of Libraries
In the absence of Robert Clark, Mary Kay Vessely presented the following report:
ODL and the Oklahoma Historical Society are co-sponsoring the development of a statewide plan for the preservation of local records of historical significance.

Several ongoing activities of Oklahoma Image are nearing completion. Governor Nigh will host a premier of the traveling photo exhibit by honoring the ten authors in the "Newcomers to a New Land Series" at the Manitoba Fall party on the evening of April 8, 1980. The major gift of the Oklahoma Image project has been the recent emphasis of the project. A grant from the Kerr Foundation for $15,000 will cover the cost of transportation for the photographic exhibit.

Governor Nigh's budget recommends general revenue funding to be at a level of $31.9 million budget work program with several additions including a $225,000 increase in state aid bringing state aid to a total of $900,000.

Network Advisory Council has been working on the development of plans for an Oklahoma Library Network. A presentation by the Council will be made at the National Library of Defense to inform librarians of the plans and to solicit responses from the proposals that have been made.

B. State Department of Education
Barbara Spieghelsky reported that a mid-term evaluation has been made of Library Media Improvement Programs and will be handed out at Legislative Day. An increase of $365,000 in appropriations for 1979 enabled 13 new improved-library programs to be increased to 19 of the 78-79 projects. A total of 60 school sites and 26,000 students received services of a certified library media specialist for the first time. 52 grants were awarded. 10 certified librarians were added to the staff of schools receiving grants for the first time. Of the 33 new projects for which funding was awarded, 13 were able to build a library media center where none had existed. All of the project schools improved their facilities.

C. Treasurer's Report
The Treasurer's Report is attached. Expenses exceeded income by $1,000 this month. Only three months out of the year has income exceeded expenses.

D. Federal Relations Coordinator
No report

E. ALA Councilor
No report

F. Executive Secretary
Peggy Augustine reported that there are 916 personal members.

Volume 28, #3 of the Oklahoma Librarian is still urgently needed by librarians for mailing issues. The membership directory will not be included in January's issue as had been previously reported because of the additional cost of printing $400.00. It will be printed in April's issue.

IV. COMMITTEE REPORTS:
A. Program Planning Committee
Aarone Cowan reported on the progress of the Spring Conference and asked for Executive Board approval to have materials from the Department of Energy, a committee sign-up sheet, the Ad Hoc Committee Report, and membership information from SWLAB included in the conference packet. Aarone moved that the committee approve the materials for inclusion in the packet, seconded by Oliver Delaney and passed.

B. Right-To-Read Committee
Gladys Hagedorn presented the committee's plans for a Literacy Workshop to be co-sponsored with ODL and held on April 25th. After a discussion about the amount that should be set for a fee, it was decided that a $7.00 fee would be conducted of the Executive Board since a quorum was present for approval of a $7.00 member fee, and a $10 nonmember fee.

V. OLD BUSINESS
Report of the Ad Hoc Committee
Division Roundtable and Committee chairs had been invited to attend an Executive Committee meeting in order to give their input on the Ad Hoc Report. Copies will be printed and distributed in

the packets at the conference and a report will be given at the 3rd General Session of the March OLA Conference.

VI. NEW BUSINESS
Polly reported that a special arrangement for out-of-state round trip air fare to New York City for ALA's Conference could be made with Delta Airlines. A minimum number of 20 people would be needed at a cost of $215.00 per person. Anyone interested should contact Polly as quickly as possible.

The meeting adjourned at 12:20.

I. See Constitution, Article VI. Committees, Division, and Roundtables Bylaws, Article III. Section 2. Division and Roundtable Officers Article VIII. Section 1-3.

II. Term
Officers are elected for a term of one year, with the exception of the ALA JMR&T representative who will serve a term of two years. They will assume their duties on July 1 after the elections. No officer may succeed himself in the same office.

III. Duties and Responsibilities
A. Provide a forum for its members to become familiar with the library profession and fellow librarians.
B. To stimulate professional growth of its members by encouraging their participation in local, state, regional and national library organizations.
C. To aid professional growth of its members by presenting workshops of relevant content, under the auspices of the JMR&T Program Committee.
D. To provide a program or booth at the annual conference of the association, under the auspices of the Program and Membership Committees of JMR&T. For the special purpose of active recruitment of new members or for any other purpose deemed necessary by the members.
E. To serve as an idea exchange or information update for members as part of the President's Newsletter, under the auspices of the JMR&T Publicity Committee.
F. To cooperate with other OLA divisions, roundtables, and committees and thereby assist OLA in its work.
G. To maintain an active relationship with ALA as a state affiliate of the ALA JMR&T Affiliates Council through the liaison person of the ALA JMR&T Affiliates Council Representative, an officer of this Roundtable, and to assist ALA through their cooperation.

FEDERAL RELATIONS COORDINATOR
REPORT
OLA Annual Conference
March 20, 1980

There is much on the news currently about the proposed budget cuts in Washington, but, as of this moment, we have no information on where the cuts will be made. It may be at least two weeks before we know.

In the meantime, hearings are being held in Congressional Sub-Committees on the 1981 Labor HEW Appropriations bills. Oklahoma has three members on important committees: Congressman Tom Steed is on the House Committee on Appropriations; Senator Henry Bellmon is on the Senate Committee on Appropriations and Congressman James Jones is on the House Committee on Budget. They need to hear from you concerning appropriations for Library Services and Construction Act, Elementary and Secondary Education Act and the Higher Education Act.

Senator Jacob Javits has proposed a compromise on the National Periodical Center which was accepted by the Senate Education, Arts and Humanities Sub-Committee in February. It is scheduled for the full committee after this month. The March 5, Washington Newsletter gives details on the proposed National Periodical System.

The Library Administration Committee is supposed to issue its report on HR 5424, the National Publications Act of 1980, today. It is at the printers.

GUIDELINES FOR SUBMITTING ARTICLES TO THE OKLAHOMA LIBRARIAN

The OKLAHOMA LIBRARIAN is the official quarterly publication of the Oklahoma Library Association. Its principle purpose is to promote library services and leadership as stated in the Constitution and implemented under the By-Laws of the Association. Articles of interest to Oklahoma libraries and librarians are those that promote new developments and thinking in the broad areas of librarianship and the information sciences on the state, regional, and national level.

Papers already published or in press elsewhere are not acceptable. For each contribution one copy should be mailed to: Andrew Peters, Editor, OKLAHOMA LIBRARIAN, 1126 Lois, Norman, Oklahoma 73071. The manuscript should be mailed flat in a suitable sized envelope.

Types of Manuscripts
Three types of contributions are considered for publication: full-length articles of approximately 3,000 words, brief communications of 500 words or less, and letters to the Editor. Letters and brief communications can generally be published sooner than full-length manuscripts.

Processing
Acknowledgment will be made of receipt of all manuscripts. The OKLAHOMA LIBRARIAN employs a reviewing procedure in which all manuscripts are sent to an Editorial Board for review and comment. Manuscripts are considered on the basis of format and criteria. When the Editorial Board has reviewed the manuscript comments are sent to authors with the Editor's decision as to acceptability. An author receives two copies of the publication in which his article appears.

Instructions to Contributors: Format
(1) All contributions should be typewritten on white bond paper on one side only, leaving about 1¼ inches of space around all margins of standard, letter-size paper. Double spacing must be used throughout, including the title page, text, references, footnotes, tables, etc. Paragraphs must be indented.

(2) The first page of the manuscript should include the first and last name(s) of all authors, the institutions or organizations with which the author(s) are affiliated, the address to which correspondence and copies of articles should be sent.

(3) The second page should contain the title placed at least two inches from the top of the page. The title should be as brief, specific, and descriptive as possible. Following the title begins the text of the manuscript. Succeeding pages should carry the last name of the author in the upper right-hand corner ½ in. from top of page and the number of the page.

(4) The references follow the text, typed on a separate page and double-spaced. They should be numbered consecutively and correspond with the numbers in the text. Consult Kate L. Turabian's MANUAL FOR WRITERS, 4th edition (1973).

(5) Footnotes are to be placed on a separate page and follow the references. Again, they should be numbered in order, correspond with the text, and follow the style of Turabian's MANUAL FOR WRITERS, 4th ed.

(6) Tabular materials and illustrations, when used, are placed on separate pages following the footnotes, numbered in order as to their place in the text.

(7) An informative abstract of 200 words or less must be included, typed, with double-spacing on a separate sheet. The abstract should present the scope of the article, methods, results, and conclusions.

Instructions to Contributors: Criteria
Contributions to be considered for publication in the OKLAHOMA LIBRARIAN are reviewed by an Editorial Board which determines the acceptability of a manuscript on the basis of its format and criteria. The evaluation is based on:

(1) Content: Information is based on resources that are authoritative, opinions are supported with facts that are complete in detail and accuracy, research methods are competent. Facts are organized and examined in clear and understandable concepts. Other viewpoints and opinions are presented to provide a balanced article that interprets a particular point of view.

(2) Readable: The article is insightful and inviting, motivating the reader to interest in finishing the article containing facts that are informative and/or educational. Avoid jargon, vagueness, and misinterpretations by presenting specific points of view illustrated when possible by examples or references to commonly known or accepted concepts.

(3) Impact: The article stimulates and edifies the reader to a greater awareness or understanding of a particular point of view. It is relevant specifically to libraries, librarians, and/or library work in promoting improved informational services.
