The Fifth Annual Ophthalmic Photographers' Society meeting will begin with a business meeting Saturday, October 5th, at 1:00 pm in the William B. Travis Room, Sheraton Dallas Hotel, 2117 Live Oak Street, Dallas, Texas. Registration fee is $5.00. Following the business meeting, a welcoming cocktail party will be held in the same room for all members and guests of the OPS.

On Sunday, October 6th beginning at 1:00 pm there will be a Scientific Speakers' Program, again in the William B. Travis Room. This program will last approximately four hours and will include ten speakers who will lecture on several aspects of ophthalmic photography and new photographic procedures and techniques.

Tuesday, October 8th, from 9:00 am 'till 5:00 pm the OPS will hold its "Instruction Course in Basics of Ophthalmic Photography" in the Pioneer Room at the Dallas Sheraton Hotel. Topics to be included will be anatomy of the eye, new techniques, filters and lab procedures.

In the evening on October 8th in the Pioneer Room, Mr. Tom Van Cader will present an informal seminar on ophthalmic photographic instrumentation. This program which is free to both members and non-members, sponsored by the OPS, will be of great help for those who need information on equipment modification, photographic techniques, darkroom tricks and just about every short cut perfection the members wish to discuss. Several members have come forth with ideas they would like to present to the audience. These will be in the nature of the above listed categories. It is anticipated that the attending members will participate in the discussion following each presentation and that many new "wrinkles" will develop before the evening is through.

If you have anything you would like to present, please bring examples, slides and photographs to demonstrate your technique or be willing to stand up and discuss it with the group. Your open discussion is encouraged.

We expect this to be a fact filled evening with no set deadline so bring your pencils and paper and see how the other guy does it!!

PROBLEM CLINIC

There are many of us who have experienced particular problems with equipment, film, processing, filters and patients. If you are one of these people, the OPS is offering an opportunity for you to have such problems discussed and hopefully solved by making informal meetings available in various members' hotel rooms throughout the week beginning on Monday, October 7th. In order to understand your "problems" better, it is extremely important that you bring an example of what you wish to discuss. If response to this idea is favorable, a list of locations, times and dates will be posted at the meetings Saturday and/or Sunday. So bring your photos and slides that represent any problem you may be experiencing.
OPHTHALMIC PHOTOGRAPHERS'
SOCIETY
FIFTH ANNUAL MEETING

AGENDA
BUSINESS MEETING

SATURDAY, OCTOBER 5, 1974
1:00 pm
SHERATON DALLAS HOTEL, WILLIAM B. TRAVIS ROOM

This year's OPS meetings will provide even greater sources of material and information for the ophthalmic photographer. For a successful meeting we need your participation so plan early to attend.

WELCOME NEW MEMBERS

Edward Allen, Jr.  
Panorama City, Calif.
Norma Roman  
New York, N.Y.
Clyde C. Hollister  
Phoenix, Arizona

Robert H. Poirier, M.D.  
San Antonio, Texas
Gary Vagstad  
Minneapolis, Minn.
James E. Jackson  
Brooklyn, N.Y.

John C. Cavender, M.D.  
San Francisco, Calif.
Jay Wruck  
Washington, D.C.
Robert Bruce Sigman  
Hartford, Conn.

James Foltz  
Seattle, Washington
Jane Hines  
Kansas City, Kansas
William D. Zuke  
Los Angeles, Calif.

Richard Bendix  
Edmond, Okla.
Walter Wipplinger  
Milwaukee, Wisc.
Lourinda Bray  
Burbank, Calif.

Glenda L. Fisher  
Mission Hills, Calif.
Paul Miller, RBP  
Burbank, Calif.
George F. Magee, M.D.  
Reno, Nevada

Claudine H. Picoriello  
Staten Island, N.Y.
Ronald Eckelhoff  
Truckee, Calif.
Sheldon Dukoff  
Buffalo, N.Y.
Richard H. Thompson  
San Jose, California

Lucille U. Lane  
Temple Terrace, Fla.

Karl Kent Michelitsch  
Forest Hills, New York

Richard N. Press  
Newark, New Jersey

Daniel D. Brown  
Whittier, California

James E. Hansen  
Somers Point, N.Y.

Mary J. Burchfield  
Tampa, Florida

Muriel Laban  
New York, New York

Sally Rourke  
Ann Arbor, Michigan

Donald Withee  
Boston, Mass.

Emery E. Billings  
Baltimore, Maryland

NEW SUSTAINING MEMBERSHIP

Realist, Inc.  
N93 W16299 Megal Drive
Menomonee Falls, Wisconsin

CANDIDATES OF THE FUTURE

Unfortunately not all OPS members are able to attend the annual meetings and therefore do not become familiar with the majority of the membership that do attend. To be specific, not all members become familiar with those who ultimately become candidates for office and the board of directors. In order to alleviate the future problem of voting for candidates you are not familiar with, it would be extremely helpful if those selected as candidates would prepare a brief summary of their background including qualifications and experience, to be available to the Nominating Committee, that would appear on the ballot next to their name. As the OPS continues to increase in membership it is only fair that the membership be informed of the candidates who will be elected officers and board members.

OPS MEMBER WINS AWARD

John Johnson received first place recognition at the annual BPA meeting in New York for General Illustrative Color Print category for a quad exposure print of a vitrectomy procedure. Four other of his prints were accepted for the exhibit that took place during the August 26th - 29th meeting.
CLASSIFIED

Mary Fedarico is looking for an ophthalmic photographer. Contact her by sending a resume to Pacific Medical Center, 2340 Clay Street, Department of Ophthalmology, San Francisco, California 94120
