OPS MEMBER COMPLETES WORK EXCHANGE PROGRAM
James Yuhr, University of Louisville Department of Ophthalmology, recently completed a work exchange program in Montpellier, France. He worked for one month as an ophthalmic photographer for Dr. Boudet at the Centre Hospitalier & Universitaire, Centre Gui-De-Chauliac, Clinique Ophthalmologique, Montpellier.
Both Drs. Pierre Amairic and Gabriel Quental, our French OPS members were influential in facilitating the exchange. Congratulations to Mr. Yuhr for completing such an exchange program.

CURRENT MAILING ADDRESS NEEDED FOR OPS MEMBERS
If you have a recent change of address, please contact Mr. Paul Montague, department of Ophthalmology, University of Iowa, Iowa City, Iowa 52242.

DEADLINE FOR NOVEMBER-DECEMBER NEWSLETTER
If you have material for the next issue of the OPS Newsletter, please submit it by December 6. Thank you.
PICTORIAL REVIEW

Photography and Production by
Frank Lazenby, Medical College of
Georgia, Augusta, Georgia
Officers:

President: Terry George, R.B.P.
Vice President: William Ludwick, C.O.T.
Secretary: Kenneth Fong
Treasurer: Paul R. Montague, C.R.A.
Past President: Bruce W. Morris
Dear Fellow Members:

The 13th Annual Meeting is now history and an excellent meeting it was, thanks to the assistance I received from the following members:

J. Michael Coppinger--Pacific Medical Center...Michael worked with Frank Lazenby on Registration, but without Michael, the most popular function wouldn't have been held. That was the dance with a D.J. following the reception. It was a great idea and I hope this will be continued in years to come.

Donald E. Enkerud--Bascom Palmer--Don was Coordinator of the Instrument Program and put together a full afternoon of speakers who introduced us to new ideas and equipment. This was Don's first involvement in the O.P.S. but I hope we'll see more of his participation.

Frank L. Lazenby--Medical College of Georgia--Again this year Frank handled the Registration from obtaining materials such as notebooks to the name tags.

Dennis J. Makes--University of Arizona--Serving as Scientific Session Coordinator, Dennis put together an excellent program and even added a little class with the use of a lab coat.

Csaba L. Martonyi--University of Michigan--Casba and the members of the Board of Certification put together two days of Education Program which included lectures and workshops that were sellouts.

Paul R. Montague--University of Iowa--The handling of Pre-Registration along with the duties of Treasurer have kept Paul busy, but not too busy to do an outstanding job.

I thank each of these individuals for their help in making our meeting the best I have ever attended. You each helped me greatly. THANK YOU!

I hope the general membership appreciates the time and energy these members have given to the O.P.S. Happy Holidays to all!

Sincerely,

Gerald S. Hoover, F.O.P.S.

***Ex-officio
Pictured below is Earl Choromokos, F.O.P.S., receiving the 1982 "Outstanding Contribution to Ophthalmic Photography" award from last year's recipient Mr. Lee Allen, F.O.P.S. This award is recognized as the most prestigious award given to members of the OPS.

Not one for being at a loss for words, Professor Choromokos managed to provide those attending the awards dinner with an acceptance speech. Congratulations Earl!
OPS FELLOW ELECTED

Mr. Sadao Kanagami of Tokyo, Japan was elected to the OPS Fellowship during the 13th Annual OPS meeting in San Francisco. Pictured below is Sadao Kanagami, F.O.P.S. being congratulated by OPS Fellow Johnny Justice, Jr. Congratulations Sadao!

DR. PATON PRESENTS ORBIS

The OPS was honored by having Dr. David Paton present an informal lecture during the annual awards dinner at San Francisco. His topic was "Project ORBIS", an international experiment in the efficacy of skills transfer by hands-on teaching exchanges. A refurbished DC8 aircraft adapted for on-board ophthalmic surgery, functions daily as an ophthalmic operating theater while stationed at various host airports at the invitation of the city's ophthalmological society. Dr. Paton presented slides illustrating the ophthalmological equipped DC8 and explained his involvement with the project. Thank you for sharing this with us Dr. Paton.
CHANGE OF ADDRESS:  MR. KEN CHRISTOPHERSON, C.R.A., HAS TAKEN A POSITION WITH HENRY FORD HOSPITAL IN DETROIT, MICHIGAN. HIS NEW MAILING ADDRESS IS:
