SEE YOU IN NEW ORLEANS!!! OPS 20TH ANNUAL MEETING
OCTOBER 28 - NOVEMBER 1, 1989

VOLUNTEERS WANTED FOR THE
ASSEMBLY AND DISMANTLING
OF THE OPS SCIENTIFIC EXHIBIT.

The Exhibit Committee is looking for members who can help set up or dismantle the O.P.S. Scientific Exhibit. The set up will begin Friday afternoon, October 27, 1989. The Exhibit will be dismantled and packed beginning at 3:00 p.m. Thursday, November 2, 1989. If you are available on either of these days, please contact Alan Frolichstein: 5633 Crain Ave., Morton Grove, Illinois 60053, (312) 965-7555.

SUPPORT GROUP
VOLUNTEERS NEEDED

Please join the support group in helping to monitor lecture rooms, collect evaluation forms, and assist in the overall educational program. In exchange for your help you will receive free CE credit for the classes monitored as well as a valuable collectors item memento of this special 20th Anniversary Meeting. You will also have the satisfaction of being part of a great group of involved members who will help to make this 1989 Meeting a success!

Please contact Teresa Thompson as soon as possible so that assignments can be made. Teresa Thompson, C.O.T., Medical University of South Carolina, Dept. of Ophthalmology, Charleston, S.C. 29425, (803) 792-2492.

OPS / JCAHPO CONTINUING EDUCATION CREDITS

Please note the following information regarding continuing education credits as they apply to OPS and JCAHPO:

Course S-7-A, "Fluorescein Angiographic Conference" qualifies for 1 hour of Continuing Education Credit from OPS, and also from JCAHPO.

Course M-1,2,3-D, "Ophthalmic Video Workshop" qualifies for 3 hours of CEC from OPS, and also from JCAHPO.

Course SA-1, "Professional Advancement", qualifies for 1.5 hours of CEC from OPS, but NOT from JCAHPO.

OPS ISSUES

OPSS COMMITTEE BUDGETS

The operating budget for fiscal year 1990 - 91 will be planned by the Finance Committee before January, 1990. All committees should plan to meet at the Annual Meeting in New Orleans to prepare a list of anticipated revenues and expenses for the year beginning on March 1, 1990. The complete budget will be presented to the Board of Directors in January. Funds may not be available for projects unless submitted to the Finance Committee for budgetary consideration. Committee budgets should be submitted BEFORE DECEMBER 15th to:

Paul R. Montague, FOPS
Department of Ophthalmology
The University of Iowa Hospitals
Iowa City IA 52242

ACT FAST FOR SINGAPORE!

Members planning to attend ICO '90 to be held in Singapore from March 14th to 17th, are strongly urged to send in their registration forms and hotel forms as soon as possible.

Our agent at Mansfield Travel in Singapore informs us that hotel rooms will become nearly impossible to obtain as the meeting draws near, due to the large numbers of registrants for the ICO, ICO '90, and the other satellite meetings.

Don't miss this fabulous opportunity to learn about the latest advances in ophthalmic imaging technology and to meet colleagues from around the world in an exotic locale! For more information, please contact:

Lawrence M. Merin, R.B.P.
Chairman, ICO '90
Cullen Eye Institute,
Baylor College of Medicine

Houston, TX 77030
(713) 798-6314

JAPANESE OPHTHALMIC PHOTOGRAPHERS' SOCIETY (JOPS)

Sadao Kanagami, FOPS, was kind enough to submit the following article to enlighten us with news on ophthalmic photography in Japan. Sadao was elected Vice President of the Japanese Association of Medical Photography in June. He also was elected to the board of directors for the Society of Scientific Photography. Congratulations to you, Sadao!

The seventh JOPS Exhibit and competition will be held in conjunction with the Japanese Clinical Ophthalmology meeting in Nagoya City from October 13 - 15, 1989. More than 100 photographs, in four different categories will be exhibited.

The program for the JOPS Symposium during ICO '90 in Singapore has been decided. There will be eight papers presented under the theme of "INVENTION AND INNOVATION IN OPHTHALMIC PHOTOGRAPHY." The JOPS Symposium has been scheduled for the morning of Friday, March 16 at the Dynasty Hotel.

JOPS Symposium Provisional Program

Opening Remarks
Sadao Kanagami, FOPS
JOPS Program Coordinator
Chairman: K. Ohara, M.D.

1. Tatsuya Deguchi. Saitama Medical School, Japan
Super-wide field fluorescein angiography with an angle magnifying lens.

2. Albert Aandeker, FOPS. University of Nijmegen, Holland
Ultra wide angle fundus photography using the Rodenstock Panfundoscope.

3. Akira Okubo, M.D. Jichi Medical School, Japan
A new method for photography of the vitreous.

4. Kazuo Tsubota, M.D. National Tochigi Hospital, Japan
Specular microscopic observation of corneal epithelium.

Session 2.
Chairman: K. Tsubota, M.D.

5. Yasuo Sakamoto. Kanazawa Medical University, Japan
A simplified technique for retroillumination photography and image analysis.

Ophthalmic digital image processing.

7. Kosuke Ito. Kowa Co. Ltd. Japan
A new illumination unit for anterior segment fluorescein angiography.

8. Bernard C. Szirth, P.A.V.
Childrens Hospital of Los Angeles, U.S.A.
Anterior segment fluorescein angiography using a 35mm camera.

OPS ... Continuing a tradition of excellence in Ophthalmic Photography since 1969
Imagination is more important than knowledge. —Albert Einstein

**BEWARE**

- **CANON 60U fundus camera** (one of a kind dual polaroid back has sx70 and b/w 108 type together on one unit) is only prototype in world.
- **BRITT ARGON LASER MODEL 152** (legs cut shorter and wheels of larger diameter than stock)
- **COHERENT MODEL 7910 YAG LASER** (base tapped for larger wheels. Stock wheels can not be re-installed)
- **JED MED A SCAN AXIONIC II** (in black case)
- **POWER TRANSFORMER** (110 volts to 220 volts)

**PROFESSIONAL OPPORTUNITIES**

**Ophthalmic Photographer:** High volume general practice seeks individual experienced in FAs, fundus photography, endothelial cell counts and scans. Please send resume to: Miami Eye Center, 619 NW 12 Ave., Miami, FL 33136. Attn: Administrator.

**Director of Photography and Media Services:** Doheny Eye Institute has an excellent opportunity for a qualified candidate to supervise all photographic and media service activities. Position requires a minimum of five years ophthalmic photography experience in academic/clinical environment with supervisory responsibilities. Must include FAs, SL and XT photography, as well as continuing medical education, preparation of ophthalmic medical illustrations for publications, and commercial public relations photography. CRA required. Please send resume and salary requirements to: Eva R. Thompson, Director, Personnel, Doheny Eye Institute, 1355 San Pablo Street, Los Angeles, CA 90033.

**CLASSIFIED MARKETPLACE**

**WANTED:** Contax RTS camera bodies with motor drives for Zeiss FF3 with four pin connector. Contact Gary Gallimore or Phil Mabry at (816) 333-7376.

6. HOMESTUDY COURSE IN BASIC FUNDUS PHOTOGRAPHY AND FLUORESCIN ANGIOGRAPHY: Jay Wruck, CRA, P.O. Box 17070, Washington, DC 20041.

IN THE SPOTLIGHT

Who ever said that "Lightning Never Strikes Twice . . . ?"
Well, Johnny "Lightning" Justice, Jr. just did!
Mr. Johnny Justice, Jr., CRA, FOPS, principal founding member of our society, winner of the first award ever given for anterior segment photography at the first scientific exhibit by the OPS, whose photograph appeared on a cover of the first issue of The Journal of Ophthalmic Photography (just to select one or two from his impressive list of "firsts"), was also the first (to the best knowledge of this writer) to be featured in the illustrious pages of our sterling newsletter with the first ever announcement of the prodigious feat of a hole-in-one by a working ophthalmic photographer.
Now, as if that was not enough, stand by for a truly emulsion-reticulating thunderbolt!!!

HE DID IT AGAIN!
Yep, folks, our Tennessee hero just hauled off and drove another one home. (You think he's gettin' the range?)
Well, the second hole-in-one this summer is definitely a first that's going to be tough to top. (Earl, you winnin' up yet?) Johnny stated it was on the same hole as 2 months ago but this time with a 5 Iron instead of a 4 Iron! His strength must be increasing!

Johnny Justice, Jr., CRA, FOPS demonstrating his winning style.
(Nice legs too!)
OPS CHICAGO CHAPTER

The August meeting of the OPS Chicago Chapter was hosted by Elsa Dennis, O.D., C.O.T., at Mercy Hospital and Medical Center in Chicago. The meeting was held in conjunction with the Society of Ophthalmic Medical Assistants in Chicago (S.O.M.A.C.).

The evening’s program was presented by Maurice F. Rabb, M.D., Chief of the Ophthalmology Section and Director of the Eye Center at Mercy Hospital. Dr. Rabb’s topic was “Basic Interpretation of Fluorescein Angiography”. During the program, Dr. Rabb explained the clinical indications for fluorescein angiography, the phases of retinal circulation, hyperfluorescence, hypofluorescence, pseudofluorescence, and autofluorescence. Dr. Rabb also identified normal vs. abnormal angiographic findings, hyperfluorescence due to window defects, staining, pooling, and abnormal vessels, and hypofluorescence due to blockage and filling defects.

The entire chapter thanks Dr. Dennis and Dr. Rabb for their contributions to this meeting.

Respectfully Submitted,
Alan Frohlichstein, CRA
President, O.P.S. Chicago Chapter
