Bylaws Amendments Proposals

ONA Bylaws Article for Amendment: ARTICLE II: MEMBERSHIP – Section 3.A.1

Amendment Intent or Purpose: ONA’s internal practice was to send out every member a printed membership card every year. This is quite expensive. When a change in practice was suggested, staff were concerned that the bylaws required a yearly card be printed and sent to members. We believe we’ve clarified that this is not the case.

We now provide printed cards when folks become members and then upon request. We will also look into the option of self-printing from our website in the future. Last, we generally print cards for all delegates attending events where they need cards (like the ANA Membership Assembly).
