Bay Area Hospital Update – May 13, 2022

BAH Nurses,

A misleading letter was sent to you from BAH administration claiming ONA had filed an unfair labor practice (ULP) charge because BAH finally increased your pay. This could not be further from the truth. We filed a ULP because the administration refuses to bargain and manipulates nurses with an increase in pay rather than address the very real issues of safe scheduling and standards of nursing. ONA has done nothing but advocate for market-based wages and safe staff scheduling at BAH and will continue to fight for you all at the table in June and July.

Visit our bargaining unit page to view the ULP and bargaining proposals.
