We Support Samaritan Nurses

Local nurses invite all community members and supporters to join us Sept. 13!
Show Samaritans’ executives that safe, accessible and affordable health care matters.

Nurses at Good Samaritan Regional Medical Center in Corvallis are advocating for a fair contract that protects our patients’ safety and ensures everyone in our community has access to high-quality, affordable health care. Join us and show your support Sept. 13.

An informational picket is not a strike. It is a demonstration of solidarity on non-work hours to share information about our struggles with our community. There is no work stoppage. Nurses scheduled to work go to work and can join the picket line on their break and lunch. The hospital will remain open and fully operational during the informational picket. Nurses are meeting with Samaritan executives on Sept. 10 to try to make progress on a fair agreement that protects our patients. Local nurses will make the final decision on whether an informational picket is necessary following that meeting.
