Should you have questions, please reach out to Laura Attlenberger RN-Chairperson or Christine Hauck, our ONA Labor Representative.
Nurse Staffing: Help Pass HB 2697

Oregon is facing a staffing crisis in our hospitals. Nurses and health care workers have been pushed to the brink by short staffing. Workers are struggling, and patient care is suffering. House Bill 2697, as amended, will support nursing, professional, technical, and service workers and improve patient care in hospital settings through enforceable mechanisms by requiring that hospitals provide enough staff to care for patients, prevent unsafe patient assignments, provide legally-required breaks for meals and rest, and give workers a voice in setting the staffing levels. As amended, there is no known opposition!

Use this easy tool to write a letter to your legislator asking them to vote YES on House Bill 2697 to support health care workers and patients. Safe staffing saves lives!
