AURN
Oregon Nurses Association

**All OHSU represented nurses are being asked to attend in person member meetings.
We're reaching a crossroad with bargaining and what happens next is uncertain.
Progress at the bargaining table relies heavily on OHSU executives recognizing the value
of nurses and meeting our interests in the contract.**

**This is the time to come together, and realize our collective vision of not only being
"Oregon's #1 hospital", but a place where we retain, recruit, respect, and recognize
nurses and the needs of nurses in the workplace.**
