OHSU nurses, our Multnomah County nurses and providers need your help! We have been bargaining for a year and the County is not moving on many of our proposals. Please join us! RSVP today by scanning the QR code with your phone and signing up.

Tuesday, Oct. 11
Northeast Health Center- 5329 NE Martin Luther King Jr Blvd Portland - 6 to 8 p.m.

Tuesday, Oct. 18
Multnomah Building- 501 SE Hawthorne Blvd Portland - 12 to 1 p.m.

Our Multnomah County LPNs, RNs, NPs and PAs need your help! Please join us for one of our upcoming informational pickets so we can build pressure at the bargaining table for a FAIR CONTRACT NOW! We have been meeting with Multnomah County administration for one full year and we have many outstanding issues that include, but are not limited to: An equitable across the board raise that meets the cost of living, indirect patient care time for our providers, maintaining hourly status for our providers, safety, staffing, harassment free workplace, professional development and more. Our unit is very short staffed right now (by about 24%) so our team wants to wrap up soon. Considering how expensive it is to live in Portland these days, our hard working public healthcare workers cannot afford to wait on their raise much longer. Please RSVP to one or both actions now! Use the QR code above to register.
