ARTICLE X –RESTROOMS AND LOCKERS

Restrooms and lockers shall be provided by the ~~Medical Center~~ **Hospital for those techs who are required to change at the Hospital into Hospital provided attire**. The ~~Medical Center~~ **Hospital** will make good faith reasonable efforts to provide a room **or space** for techs to rest during breaks, which is reasonably accessible to the techs ~~in the department~~. **Nothing in this Article shall require ~~the~~ Hospital to engage in construction, renovations, or changes that may impact licensure or accreditation.** If a tech or the Union has concerns about the provision of a room **or space** for breaks, prior to filing a grievance alleging that such a good faith reasonable effort is lacking, the tech or the Union should raise the issue at the Task Force where the parties will discuss potential for resolution of the concerns.
