ONA Bargaining Starts May 22, 2019

The Oregon Nurses Association (ONA) bargaining team has proposals completed, We hope that this round of negotiations will result in a strong contract that makes you proud.

Bargaining has traditionally been held in Oregon City. This year, we have requested bargaining take place at Providence Milwaukie Hospital so that more nurses can participate.

As we get locations, dates and times confirmed we will send updates to PMH nurses.

Providence Portland Medical Center (PPMC) has finished bargaining and has reached a tentative agreements on their contract.

Be a CAT!

One of the best ways for nurses to support the bargaining team is to join the Contract Action Team (CAT)!

The CATs will help ensure that nurses are engaged and informed during the bargaining process.

The first CAT meeting will be held on May 14 from 5:30-6:30 p.m. in the Mother Theresa room.

New Labor Rep at PMH!

Meet Liz Morris!

Liz has been with ONA since 2016 and worked as a labor rep for OHSU before joining the Providence team in April 2019.

Prior to coming to ONA, Liz worked for 12 years with Service Employees International Union (SEIU).

She has spent her entire career working with union healthcare workers because she believes that when

healthcare workers have the pay, benefits and safe working conditions that they deserve, the whole community benefits.

When she is not at work, Liz spends time with her husband, two sons (ages 2 and 4), their immortal dog named Kafka (17 years old!), and a very feisty bearded dragon named, Feedy-Marie (name courtesy of the 4-year-old).

Liz can be reached at [moris@oregonrn.org](mailto:morris@oregonrn.org) or at 503-490-6018.

Join ONA!

As we get closer to bargaining and negotiations, please consider joining ONA as a member. Only full ONA members in good standing may vote on the contract or participate in the bargaining process.

We want this contract to represent **ALL** nurses at Providence Milwaukie Hospital, and joining us is the first step.
