Genesis Wage Theft Investigation

On November 28, ONA submitted a request to the Multnomah County District Attorney’s office to investigate Providence for wage theft after a fumbled roll out of the new system resulted in tens of thousands of payroll errors across the Providence System.

ONA has called for a comprehensive 3rd party audit as part of our grievance on behalf of all Providence nurses who were underpaid as a result of Genesis. Law Firm Bennett Hartmann has also initiated a class-action lawsuit on behalf of all workers who were underpaid.
