

BARGAINING TEAM UPDATE!

ONA Oregon Nurses Association
Caring for Oregon

Thank you to everyone that submitted nominations for your bargaining team and CAT chair! Every discipline submitted nominations for each seat, ensuring that your bargaining team will be able to be representative and collaborate across disciplines. Since there was no more than one individual that both was nominated and accepted their nomination for each position, there are no contested seats. Your bargaining team seats are thus officially appointed to the nominees listed to your right. Congratulations to this awesome group!

WHAT'S NEXT?

Your bargaining team will begin the process of getting trained and setting up bargaining dates with management!

What can YOU be doing?

➡ Continue to circulate and complete your bargaining survey:

As a reminder, your bargaining survey is still live! If you have not had a chance to get it filled out, you can access it at this link or the QR code:

<https://www.surveymonkey.com/r/2024-ONA-Elderplace-BargainingSurvey>

Filing this out will help your new bargaining team know what your priorities are at the table with Providence!

➡ Start building your Contract Action Team:

What is the Contract Action Team (CAT)? The CAT is a network of you and your coworkers that communicates with and activates your broader membership group at key times in the bargaining process. It is your best and most fundamental tool to move a democratic organization into action quickly and with power to facilitate a successful contract settlement. The CAT will collaborate with the CAT Chair and peers to advance your interests and priorities to the bargaining team. If you'd like to participate, please email your organizer, Carrie Holt, at holt@oregonrn.org.

If you have any other questions, please contact your organizer, Carrie Holt, at holt@oregonrn.org.
