

Nurses Uniting to Raise Standards

ProvRN Advice Line Update – March 9, 2023

Hello ONA RNs at ProvRN,

I am writing with a short update, to inform you that I will be on medical leave to attend to a shoulder issue March 11 - April 14.

During that time, my colleague Ashley Bromley (Bromley@OregonRN.org) will support your bargaining unit officers in addressing any remaining issues related to the upcoming closure of the unit and enforcement of our layoff letter of agreement.

Despite the short term and unfortunate circumstances of my tenure as your labor rep, I appreciated supporting the hard work of your bargaining unit officers Adia, Dawn, and Heidi, as they secured favorable terms for the layoff -- terms which far exceeded management's obligations under the contract or to non-union employees.

They deserve your thanks for their efforts.

In Solidarity,

Gabriel Erbs
Labor Representative
(he/him)
Oregon Nurses Association
