Memorandum of Understanding
ONA and Asante Rogue Regional Medical Center

May 25, 2021

It is hereby clarified that typing errors are present in the 2020-2023 ONA/ARRMC collective bargaining agreement in Exhibit A.11.

The error is in the numbering of all provisions of Article A. 11. The numbering in the printed contracts starts at 3 rather than 1. As a result section 10 (which should be section 8) and section 11 (which should be section 9) refer to section 17, which based on the number errors is actually section 19 in the printed contract.

There was no intended change to practice and application of the specific sections referenced above by either party during the negotiation process.
