

CONTRACT RATIFIED!

Overwhelming 'Yes' Vote Ratifies ONA-Rogue Regional Contract

Our ONA RRMBC bargaining committee is incredibly proud to announce that ONA members at Rogue Regional Medical Center (RRMC) have voted by an overwhelming margin to ratify the collective bargaining agreement!

Throughout our contract campaign—which began 4 months ago—RRMC nurses have demonstrated unprecedented levels of participation and 99.2% of voters cast a YES vote to ratify the new contract.

As a result of our long-term commitment to collective action, Asante had no choice but to dramatically shift gears and orient their contract proposals towards our demands for a safe and healthy workplace which values nurses!

Our next step will be to pivot to enforcement of our contract and to monitor the implementation of our new standards, terms, and raises.

Thank you for all of the support and solidarity with ONA at RRMBC!

Yours in solidarity,
ONA-RRMC Bargaining Committee
