Calm, Cool and Carry On!!!

Post June 30th, we expect management to act as they have since April - disregarding their legal obligations and stacking up those National Labor Relations Board charges.

**Things to remember:**

1. Our ONA team is still fighting for **you** and your **co-workers**!
2. We will still be **filining grievances** and “Board” charges as needed!
3. Ask for your rights to a witness to **every meeting with management**
4. **Document!** If you think a conversation should be noted...note it! (write yourself a note, send yourself an email, call/text Our ONA STO Leaders or Our Labor Rep, Renee, at 253.291.6197)

**Also, watch your mail!**

*Important information is coming your way!*
