COVID-19 (Coronavirus)
ONA Resource Center

As more cases of the Coronavirus (COVID-19) are reported and confirmed, ONA will continue working relentlessly to do the work needed to keep nurses and our communities safe.

Frequently Asked Questions

To help nurses and health care workers navigate the COVID-19 crisis, ONA has compiled a frequently asked questions document. Please check the FAQ to find the answers you need.

Declining an Unsafe Assignment

ONA has issued guidance to our members on declining unsafe assignments for COVID-19 patients when lack of PPE, safe staffing levels, or breakdown of triage protocols put your health at risk.

Visit www.oregonrn.org/declining-unsafe-assignments to learn more.

PPE Shortage

It is critical to get PPE in the hands of the frontline health care workers who need them in their fight against COVID-19. First and foremost, we are communicating the need for PPE. This requires federal action and we are also asking the legislature to pass similar emergency funding legislation to California and Washington to support public health.

Help raise awareness of the PPE shortage and how it impacts nurses and other health care workers on the frontline of care by adding a "PPE Now!" frame to your Facebook profile picture.

Report Violations

To report a violation of Coronavirus protocol in your facility, please email Practice@OregonRN.org with as many details as possible while being mindful of HIPAA guidelines.

WHY FILL OUT THE SRDF?

The Oregon Hospital Nurse Staffing Law defines "safe patient care" as “…nursing care that is provided appropriately, in a timely manner, and meets the patient’s health care needs.” Inappropriate nurse staffing can lead to patient care needs not being met.

The information gathered in SRDFs allows ONA to track staffing data and provide information to hospital wide staffing committees. It also provides valuable information to labor representatives about how specific units are staffed, and can be used to assist with OHA complaints.

HOW TO FILL OUT THE SRDF

If you work a shift with insufficient nurse staffing, you should complete the following steps:

1. Notify someone in the chain of command;
2. Ask for additional staff;
3. Ask for a response in a reasonable period of time, (e.g., minutes, hours) and;
4. Complete the SRDF.
