ONA stewards are the lifeblood of what makes our union strong. A strong union has at least one steward for every unit and shift. Stewards are there to answer colleagues’ questions and discuss concerns and help keep every nurse up to date on important union activities.

The introductory steward training dives into the basics of being a steward, including knowing your union rights; representing a co-worker; how to find important items in your contract; and how to make our union stronger!

Members can go to stewards with questions and concerns and they in turn keep members in the know about important union activities.
