PNCC & Staffing Committee Nominations
It’s time to elect new representatives to our Professional Nurse Care Committee (PNCC) and to our Hospital Nurse Staffing Committee (HNSC). These committees meet back to back, so ideally, elected nurses will sit on both committees.

We need representatives and alternates from each of the following areas to serve.

- Emergency Department
- Acute Care Services (Med/Surg and CCU)
- Family Birth Center (FBC)
- Surgical Services (OR, PACU, Day Surgery)
- Patient Flow
  - Float nurses
  - Case Managers

For PNCC only, one seat:
- At-large position (any department)

The highest vote getter in each department will be seated with the second highest as the alternate.

Please nominate yourself or a coworker, nominated nurses will need to sign a consent to serve form.

Nominations are due by June 12. Please give completed forms to Amanda Franklin, Secretary or email to salemi@oregonrn.org.

An online election will open June 15 and close June 28 at midnight.

COVID-19 MOU
Oregon Nurses Association (ONA) nurses working together with St. Anthony Hospital administration were able to reach an agreement on multiple issues related to COVID-19. These include notification guidelines and guarantees that worker safety will remain a top priority at the hospital throughout this pandemic.

We also have the ability to be present at safety huddles and have regular meetings to continue to ensure worker safety as the hospital and state commence re-opening.

Read the entire Memorandum of Understanding (MOU) here.
WHY FILL OUT THE SRDF?

The Oregon Hospital Nurse Staffing Law defines “safe patient care” as “…nursing care that is provided appropriately, in a timely manner, and meets the patient’s health care needs." Inappropriate nurse staffing can lead to patient care needs not being met.

The information gathered in SRDFs allows ONA to track staffing data and provide information to hospital wide staffing committees. It also provides valuable information to labor representatives about how specific units are staffed, and can be used to assist with OHA complaints.

HOW TO FILL OUT THE SRDF

If you work a shift with insufficient nurse staffing, you should complete the following steps:

1. Notify someone in the chain of command;
2. Ask for additional staff;
3. Ask for a response in a reasonable period of time, (e.g., minutes, hours) and;
4. Complete the SRDF as detailed below.

The nurse should complete the SRDF at the end of the shift or within 48 hours. The SRDF can be found online at OregonRN.org/SRDF. A PDF copy is automatically emailed to the nurse and to ONA, and it is the nurse’s responsibility to forward a copy of the completed form to the nurse manager, PNCC chair, and staffing co-chair. The SRDF should be completed even if the problem is corrected quickly.

Questions about the SRDF process? Email SRDF@OregonRN.org

Re-Opening Concerns?

Re-open – please bring concerns to ONA team:

Your ONA negotiation and executive team have been meeting regularly with hospital administration to review and resolve concerns nurses have about safety, staffing, and other COVID related protocols. If you have a concern, please do not hesitate to contact one of our ONA team members.
