We are Building Our Union

“I look forward to being a part of the union to give nurses a louder voice in caring for our patients safely!”

Karin Arthur, RN - Home Health

“We deserve respect. Nurses should be included in decision making regarding our staffing plans, wages, mileage reimbursement, etc. We want to be active participants in choices that affects our jobs. That’s why I am voting yes for the union.”

Sara Lillegard, RN - Triage Hospice

“I support unionization because I believe in quality patient care, safe practice, and equality and fairness for all healthcare workers. Quality patient care starts with ensuring nurses have the appropriate resources, support, and staffing to meet the needs of the community as well as in their own home. It is important to take care of those who care for others.”

Brittany Bevel, RN - Home Health

“I am excited to have a voice for my team and for my patients.”

Kaitlyn Piantoni, RN - Hospice
