ONA St. Charles Members and Other Caregivers Win Short Rest Break Premium Pay

Starting at the ONA/STC-B negotiations, 10-hour rest between shifts is now in effect for all St. Charles caregivers.

After ONA nurses in Bend negotiated an extension of the rest break between shifts and premium pay when the hours of rest are not met, both ONA Redmond and Prineville bargaining teams put it on the priority list for upcoming negotiations.

Patient care is the top priority for nurses at the bargaining table and proper rest is essential to providing the best care for patients.

Management decided to put both the 10-hour rest break and the premium pay clause in policy for all caregivers at the three St. Charles Health Systems that ONA represents beginning July 28, 2019.
