

## Case Strategy Workshop Request Form

Need help with an upcoming trial? Not sure whether to accept a case? Take advantage of PAJ's Case Strategy Workshop to discuss your case with a team of all-star PAJ leaders.

This free and exclusive PAJ member benefit is designed to help you work through trial issues, discuss strategies, or help screen cases without having to leave your desk or spend thousands of dollars on focus groups.

Members who are interested can sign up through PAJ's Member Services Department and discuss your case via a 30-to-45-minute conference call or zoom meeting with three of PAJ's leading trial lawyers. All you have to do is fill out the below information, and provide us a short two-to-three-page summary of your case and the issues you are struggling with (i.e., case themes, what the defense may argue, damages proofs, etc.). If you need panelists from a specific geographic region, let us know that as well. Once panelists are confirmed, we will set up the logistics for all participating.
