

The Pennsylvania Association for Justice is *the* association for trial attorneys in Pennsylvania. Our members are difference-makers in their communities and throughout the state — upholding citizens' rights, and taking on causes and cases that protect consumers. PAJ serves its members, by providing them with a wealth of educational and informational resources, helping them become better trial attorneys. Additionally, our legislative advocacy program is extensive and multifaceted, ensuring that courtroom doors in Pennsylvania stay open, and citizens retain the full range of their constitutional rights.
