GROW

PASCV
PAN AMERICAN
SOCIETY FOR
CLINICAL VIROLOGY

Since 1977, PASCV has been a key partner and global driver of clinical virology diagnostics. In the past 4 years it has undergone unprecedented growth to meet the needs of its members - people who practice clinical virology in an ever changing world.

21

PASCV connects you with colleagues from 21 countries around the world.

\$100

Annual membership is just \$100 for full members. Technologists and students receive discounted rates.

300+

Join an unparalleled network of over 300 colleagues who share the same goals as you.

PASCV OPENS DOORS TO KNOWLEDGE AND PEOPLE

Access a diverse and cutting-edge curriculum of face-to-face and online programs

Join a community of world leaders discussing the issues of today and charting a path for tomorrow

Bring your voice to the table to advocate for policies and practices focused on diagnostic testing improvements

Other societies may include specialized areas of clinical and diagnostic virology in their composition, but PASCV is exclusively devoted to the field of diagnostic and clinical virology.
