Qualified Target Industry Tax Refund

The Qualified Target Industry (QTI) Tax Refund is a tool available to Florida communities to encourage quality job growth in targeted high value-added businesses. If approved, the applicant may receive refunds on the taxes it pays. This includes corporate income, sales, ad valorem, intangible personal property, insurance premium, communications services, and certain other taxes. No more than 25 percent of the total refund approved may be taken in any single fiscal year. A qualified business may receive no more than $1.5 million in tax refunds in a single fiscal year, or no more than $2.5 million in tax refunds per fiscal year if locating in an enterprise zone.

Eligibility

In order to participate, a company must apply to Enterprise Florida (EFI) prior to making a decision to locate or expand in Florida. All final decisions on applications are based upon all available information at that time. Any business decisions, such as announcements, leasing of space or hiring of employees, made prior to submission of a complete, effective QTI application will be grounds for disapproval. Projects that clearly do not require inducement will not be approved. In order to qualify for consideration under the program, an applicant must:

- Be in a target industry (see Target Industries List);
- Submit an application before making a decision to locate or expand in Florida, and demonstrate that the tax refund will make a material difference in the company’s decision to locate or expand in the community;
- Create at least 10 net new full-time equivalent Florida jobs and, if an expansion project, increase employment by at least 10 percent (whichever is greater). For a project located in a rural community (county) or an enterprise zone, the net increase in employment may be waived in special circumstances;
- Pay an average annual wage that is at least 115 percent of the state, metropolitan statistical area (MSA), or the local average wages. For a project located in a rural city, rural community (county), a designated brownfield area, an enterprise zone or a manufacturing project paying at least 100 percent of the prevailing average wage, the wage requirement may be waived in special circumstances;
- Show that the jobs make a significant economic contribution to the area economy; and
- Provide a resolution from the city or county commission recommending the applicant for the incentive and committing the community to provide a local match equaling 20 percent of the tax refund. If located in a rural city or community (county) or designated brownfield area, the business may accept a refund equal to 80 percent of the refund for which they would otherwise qualify if a match exemption is granted to the local community.
- Pre-approved applicants who create jobs in Florida receive tax refunds of $3,000 per net new full-time equivalent Florida job created; $6,000 in an Enterprise Zone or Rural Community (county). Additional awards are available for projects meeting the specific criteria below. Note these are maximum amounts per job. Actual awards could be lower.
  - $1,000 per job for businesses paying at least 150 percent of the prevailing average annual wage or $2,000 per job for businesses paying at least 200 percent of the prevailing average annual wage;
Application Process

- EFI staff will shepherd businesses and communities through the entire application process, ensuring that the company and community understand what is required for a complete, effective application.
- EFI submits the application and recommends the project to the Department of Economic Opportunity (DEO), who makes the final decision on the project.

Approval Process

- DEO’s approval or disapproval of the application is in the form of a letter of certification.
- If the application is approved, the certification will indicate the amount and schedule of tax refunds approved, as well as the number of jobs and average wage rate for the project jobs. These must be the same as stated in the application.
- Once the QTI application is approved, the business will begin working directly with DEO to finalize the tax refund agreement. Within 120 days of issuance of the certification, the QTI business and the Director of DEO must sign a written tax refund agreement.

Award

- The business submits a claim each year for the scheduled tax refund and the community must pay its local match into the Economic Development Trust Fund.
- If all the terms of the tax refund agreement are met, then DEO pays the refund, including the local match, directly to the business.
