

Implementing Perinatal Quality Improvement Conference

February 1, 2018
New York

INSTITUTE FOR
**PERINATAL
QUALITY
IMPROVEMENT**

www.perinatalqi.org

QI Saves Lives!

Mothers and newborns depend on clinicians to implement safety bundles and evidence-based care practices.

Implementing quality improvement (QI) is challenging. Attend the Institute for Perinatal Quality Improvement's (PQI) interactive conference in order to increase your QI expertise, gain insights from your colleagues, and learn about practical QI tips and tools.

Target Audience

Perinatal registered nurses, physicians, or midwives who want to implement evidence-based care using QI improvement science methods in order to provide high quality and safe care to their patients.

Conference Objectives

- 01 Quality & Safety Initiatives**
Describe how to develop & lead quality & safety initiatives using improvement science methods.
- 02 Improvement Science**
Identify how improvement science methods can increase perinatal quality and safety.
- 03 Action Plan**
Develop a custom quality & safety action plan.

"I am thrilled to host the Implementing Perinatal QI conference because expanding the QI expertise of our staff is one of my priorities as a leader."

—Kathleen DeMarco, MSN/ED, RN, NE-BC, CPHQ, Senior Director of Nursing

Faculty

Debra Bingham, DrPH, RN, FAAN Founder, Executive Director of the Institute for Perinatal Quality Improvement (PQI); Associate Professor for Healthcare Quality and Safety, University of Maryland, School of Nursing

Zola D. Golub, MEd, RN, IBCLC, Co-Chair of the Association of Women's Health, Obstetric and Neonatal Nurses (AWHONN) Expert Panel on Women's Health and Perinatal Nursing Care Quality Measures.

Time	Topics & Objectives	Speaker & Methods of Instruction
7:30	Registration <i>Continental Breakfast</i>	Sponsored by New York University (NYU) Langone Medical Center
8:30	Welcome & Introductions	Debra Bingham DrPH, RN, FAAN Kathleen DeMarco, MSN/ED, RN, NE-BC, CPHQ, Senior Director of Nursing Obstetrics & Pain Medicine NYU Langone Medical Center Aviva Kleinman MNN, RN, C, IBCLC
8:45 (45 min)	Current State of Perinatal Quality & Safety <ul style="list-style-type: none"> Describe the negative trends in perinatal outcomes. Describe initiatives and consensus bundles designed to improve perinatal quality & safety. Describe components of effective quality & safety programs. 	Lecture Slides Q&A
9:30-10:00 (30 min)	Setting Perinatal Quality & Safety Goals <ul style="list-style-type: none"> Identify one quality and safety priority for their practice setting. Develop the aims for the priority project selected. 	Lecture Slides Q&A Action Plan Worksheet
10:00	<i>Break</i>	<i>Sponsored by New York University (NYU) Langone Medical Center</i>
10:15 (45 min)	Measures of Perinatal Nursing Care Quality Matter <ul style="list-style-type: none"> Recognize that perinatal nurses' independent actions make a significant contribution to patient outcomes. Identify the benefits of measuring perinatal nursing care quality. Discuss how to incorporate AWHONN's perinatal nursing care quality measures into clinical practice. 	Lecture Slides Q&A
11:30 (30 min)	Designing a Quality Improvement (QI) Initiative, Part 1 <ul style="list-style-type: none"> Describe how to develop a QI Process Flow Chart, Fishbone Diagram, QI Driver Diagram and Logic Model Develop a draft action plan using a QI Process Model 	Slides Lecture Individual & Group Work to develop a QI Action Plan

12:00	<i>Lunch</i>	<i>On Your Own</i>
1:00 (75 min)	Designing a Quality Improvement (QI) Initiative, Part 2 <ul style="list-style-type: none"> Describe how to develop a QI project Charter based on a QI Process Model Identify a framework that will guide implementation planning 	Slides Lecture Individual & Group Work to develop a QI Action Plan
2:15	<i>Break</i>	<i>Sponsored by New York University (NYU) Langone Medical Center</i>
2:30 (60 min)	Examples of Quality & Safety Initiatives/Posters <ul style="list-style-type: none"> Describe common facilitators and barriers to QI implementation and tailored implementation strategies and tactics. Identify how to enhance implementation facilitators and mitigate implementation barriers. Discuss methods for disseminating QI successes and failures, e.g., how to develop a poster 	Panel Presentations Group Discussion Posters
3:30 (30 min)	Can QI Cause Harm? <ul style="list-style-type: none"> Describe ethical considerations of QI & identify the difference between QI & research 	Case studies Q&A
4:00 (30 min)	QI Next Steps <ul style="list-style-type: none"> Discuss what the next steps are for implementing the QI Action Plan 	Group discussion
4:30	Adjourn	Thank you for participating in the conference!

Continuing Education Credits

PQI will provide each learner with a certificate of completion. An application for Continuing Nursing Education 5.75 contact hours has been submitted to New York University Langone Medical Center Nursing Department. CME is not offered.

Conference Registration

Tuition Types	Early Bird (Includes the PQI Implementation Workbook, \$49.99 Value) If registered on-line or postmarked before Nov 1, 2017	Regular (Includes the PQI Implementation Workbook, \$49.99 Value on or after Nov 1, 2017)
PQI Premium Facility Subscriber	\$158 per person	\$176 per person
All Others	\$198 per person	\$220 per person

Register by going to events at www.perinatalQI.org. Payment must be received by midnight on January 27, 2018. Mail checks payable to the Institute for Perinatal Quality Improvement to: 418 Pershing Drive, Silver Spring, MD 20910.

Added Value

Each learner will receive a copy of the *Institute for Perinatal Quality Improvement (PQI) Implementation Workbook*. The *PQI Implementation Workbook* includes improvement science tools, perinatal examples and reference materials. Each learner will use their workbook during the conference to design and record their draft action plan, record their draft project aims, develop a draft logic model and a draft driver diagram.

For more information about hotels and PQI's cancellation policy go to events at: www.perinatalQI.org
