

DATE: September 10

TO: Advisors and Officers

SUBJECT: New Member Requirements for Undergraduate Transfer Students

Exciting news! This summer, Psi Chi's Board of Directors unanimously approved streamlined membership requirements that reduce barriers for undergraduate transfer students to join Psi Chi.

Effective immediately, all credits and grades from a transfer student's previous institution(s) may be applied to meet standard undergraduate membership requirements. In other words, faculty advisors and/or prospective members could elect to include all baccalaureate-level credits and grades to determine Psi Chi eligibility. If you have questions about what this change could mean for your chapter, please reach out to us at membership@psichi.org.

This month, locate the bylaws in the [Chapter Administration login](#) under Chapter Materials dropdown and download the latest Chapter Bylaws Template, which reflects this change and contains other minor revisions that improve readability. Share these changes with your chapters leaders and plan to include all eligible transfer students in your recruitment drives this fall!

HQ WORKING FOR YOU

Monthly Advisor Meet-Ups

To support advisors, Psi Chi HQ now offers monthly advisor meet-ups. The first session will explore prospective members' financial challenges and our Membership Assistance Program. Please ensure that at least one advisor from your chapter attends this session to gain access to membership waivers. Multiple dates and timeslots are available. [Sign up today!](#)

ANNOUNCEMENTS
