Before 2009, officers of Psi Chi served as members of the National Council.

When Psi Chi changed its name from National to International, National Council was renamed Board of Directors.

Italics = year when current term of office is scheduled to end

** originally appointed*

*** acting/interim*

****deceased while in office*

- 1 *Resigned following presidential year; did not serve as Past-President.*
- 2 *Served one year as Past-President on the National Council before the Psi Chi Constitution and Bylaws were changed in 1986 instituting the current offices of President-Elect and Past-President.*
- 3 *From 1986–1998, the past-president of Psi Chi also served as historian.*
- 4 *This region was recombined with the Eastern Region because NEPA did not (at that time) allow Psi Chi to sponsor programs at its conventions.*
- 5 *Elected for a second term, but resigned shortly after second term began.*
- 6 *Assumed first term of office after winner of election withdrew following election, then elected for second term.*
- 7 *In 1998, the Council conferred Historian's duties to the current President, who is charged with writing a history of the year he or she served as Past-President.*
- 8 *In 2013 the Board appointed Executive Director Martha S. Zlokovich as an additional historian.*
- 9 *The Secretary Treasurer position changed titles to Executive Secretary in 1954, then Executive Director in 1969, Associate Officer in 1990, and eventually Executive Officer in 1991. In 2004, the position was split into two with one Executive Director (a new position focused on advancing the purpose and mission of Psi Chi and outreach to other psychological organizations) and one Chief Operations Officer (focused on managing the Central Office and previously titled Executive Director or Executive Officer).*
- 10 *Attended Council meetings during this transitional year, but technically not a member of the Council until October 1991.*
- 11 *In 2015–2016, Martha S. Zlokovich acted as interim Chief Operating Officer in addition to her position as Psi Chi's Executive Director and Historian.*
