Doud Awarded PSSNY Lifetime Achievement Award

Albany, NY – (July 19, 2017) The Pharmacists Society of the State of New York (PSSNY) recently honored Larry Doud of Fairport, New York, the inaugural PSSNY Lifetime Achievement Award at its recent annual convention.

The PSSNY Lifetime Achievement Award was created this year to honor an individual who has devoted his life to the support of New York Pharmacy and PSSNY. The criteria for this award is very selective and discerning. The award is intended to distinguish those who have the continued passion and dedication to pharmacy throughout the years.

During his career with McKesson, Ellicott Drug (now Cardinal Health) and Rochester Drug Cooperative, Doud has been one of the most influential and deeply committed executives to independent pharmacy. He helped create a buying group arrangement with PSSNY that helped both members and the Society sustain their business. He has provided creativity, innovation, and moral support for decades to his true passion: pharmacy. Doud also received an Honorary Doctorate from Albany College of Pharmacy and Health Science in 2016.

"Larry Doud has been deeply committed to community pharmacy throughout his lifetime. He has worked side by side with PSSNY through thick and thin, we are honored to recognize him through this distinguished award," said Roxanne Richardson, PSSNY President.

The Pharmacists Society of the State of New York (PSSNY) has served as the society for the state's pharmacists for more than 138 years. Its mission is to unite pharmacists for mutual assistance, encouragement, and improvement in order to maintain the standard of pharmacy practice at a high professional and ethical level.
